

APPROVAL <i>Slw pl</i>	REQUEST FOR COMMON COUNCIL ACTION	MEETING DATE April 19, 2016
REPORTS & RECOMMENDATIONS	AN ORDINANCE TO AMEND ORDINANCE 2015-2198, AN ORDINANCE ADOPTING THE 2016 ANNUAL BUDGETS FOR THE CAPITAL IMPROVEMENT FUND FOR THE CITY OF FRANKLIN FOR FISCAL YEAR 2016, TO PROVIDE APPROPRIATIONS FOR PLEASANT VIEW TRAIL	ITEM NUMBER <i>G.13.</i>

Background

Pleasant View Trail was an approved 2013 project for \$242,160. The project was constructed in 2013 by Western Contractors, Inc. Engineering accepted the work at that time. The contractor however, did not render their final billings. Payments on the project totaled \$207,421 thru December 2013. The unused appropriation for the project is \$34,739. No encumbrance for the un-used appropriation from 2013 currently exists.

Western Contractors Inc. has submitted a final invoice totaling \$36,722.07, which Engineering has accepted.

Options

Accept the invoice for payment, which would require a budget amendment to provide appropriations for the expenditure.

Or

Reject the invoice. This could risk subjecting the City to litigation claims.

Or

Such other action as the Committee deems appropriate.

Fiscal Impact

No 2016 Budget appropriation exists for Pleasant View Trail. There are un-used Capital Improvement Park appropriations from the College Ave side walk project that would provide sufficient appropriations.

The Finance Committee reviewed this Amendment at the March 22, 2016 meeting and unanimously recommended its approval.

COMMON COUNCIL ACTION REQUESTED

Motion to adopt An ordinance to amend ordinance 2015-2198, an ordinance adopting the 2016 annual budgets for the capital improvement fund for the city of Franklin for fiscal year 2016, to provide appropriations for Pleasant View Trail

STATE OF WISCONSIN: CITY OF FRANKLIN: MILWAUKEE COUNTY

ORDINANCE NO. 2016 _____

AN ORDINANCE TO AMEND ORDINANCE 2015-2198, AN ORDINANCE ADOPTING THE 2016 ANNUAL BUDGETS FOR THE CAPITAL IMPROVEMENT FUND FOR THE CITY OF FRANKLIN FOR FISCAL YEAR 2016, TO PROVIDE APPROPRIATIONS FOR PLEASANT VIEW TRAIL

WHEREAS, the Common Council adopted the 2016 Budget for the City of Franklin providing resources and appropriations for 2016 and

WHEREAS, the 2013 Amended Budget for the Pleasant View Trail was \$242,160 with expenditures in 2013 to date of \$207,421, and

WHEREAS, Western Contractors Inc. was awarded a contract to pave the Pleasant View Trail in 2013, and

WHEREAS, the work was completed satisfactorily in 2013 and accepted by the Engineering Department, and

WHEREAS, the 2016 Budget has no appropriation for Pleasant View Trail, and

WHEREAS, Western Contractors Inc. has submitted additional invoices totaling \$36,722.07 for total expenditures of \$244,143 on the project which are accepted by Engineering, and

WHEREAS, other 2016 park projects have underspent appropriations by amounts greater than now needed for Pleasant View Trail.

NOW, THEREFORE, the Common Council of the City of Franklin does hereby ordain as follows:

Section 1 That the 2016 Budget of the Capital Improvement Fund be adjusted as follows:

Capital Improvement fund			
Parks	Approved Projects – PV Trail	Increase	37,000
	College Ave Path	Decrease	37,000

Section 2 Pursuant to §65.90(5)(a), Wis. Stats., the City Clerk is directed to publish a Class 1 notice of this budget amendment within ten days of adoption of this ordinance.

Passed and adopted at a regular meeting of the Common Council of the City of Franklin this _____ day of _____, 2016.

APPROVED:

Stephen R Olson, Mayor

ATTEST:

Sandra L. Wesolowski, City Clerk

APPROVAL <i>Slw</i> <i>AK</i>	REQUEST FOR COUNCIL ACTION	MEETING DATE April 19, 2016
REPORTS & RECOMMENDATIONS	February, 2016 Monthly Financial Report	ITEM NUMBER <i>G.14.</i>

Background

The February, 2016 Financial Report is attached.

The Finance Committee has reviewed this report and recommends its acceptance. Highlights of the report are contained in the transmittal memo.

The Finance Director will be on hand to answer any questions.

COUNCIL ACTION REQUESTED

Motion to Receive and place on file

City of Franklin

Date: March 16, 2016
To: Mayor Olson, Common Council and Finance Committee Members
From: Paul Rotzenberg, Director of Finance & Treasurer
Subject: February 2016 Financial Report

The February, 2016 financial reports for the General Fund, Debt Service Fund, TID3 Fund, TID 4 Fund, Solid Waste Fund, Capital Outlay Fund, Equipment Replacement Fund, Capital Improvement Fund, Street Improvement Fund, Development Fund, Self Insurance Fund and Employee Retirement Insurance Fund are attached.

At this time of year, much attention is placed upon wrapping up the prior year, and many expenditures are rightly recorded in the prior year. February statements reflect the January & February settlements of Property Taxes and payroll related costs. Many other costs will be recorded in later months.

Revenues of \$11,546,411 are \$1,222,586 favorable to budget. \$1,312,658 of this is faster collection of taxes, which will disappear as the year progresses.

Items of note in the General Fund February 2016 activity are:

- receipt of Property Tax and General Transportation Aids are faster than in the last five years, and
- Building Permit revenue spiked down as no large permit was pulled in January or February.
- Investment income exceeded budget on Unrealized gains on the longer term investments as interest rates shrunk compared to late 2015.
- Departmental expenditures were lower than budget with the principal expenditures being labor costs.
- The open IT Manager position caused a portion of the under spending in General Government.

Overall, General Fund expenditures of \$4,095,390 are \$122,826 less than budget.

A \$7,451,021 surplus is \$1,345,412 favorable to budget.

DEBT SERVICE – Debt payments are due March 1, depending upon the remitting agency, some funds move in late February, and some on the first of March.

TID3 – Tax revenues were slightly greater than the Budget. Expenditures for the S 27th Street project account for the encumbrances, composed of the sidewalk, street lighting, streetscaping and water main elements.

TID4 – Tax receipts are \$89,709 great than budget due to the overlapping taxing authorities tax levies. The TID retired the remaining portion of the Interfund Advance in February. No project costs are expected in 2016.

SOLID WASTE FUND – Revenue is comparable to budget and 2015. Tipping Fee costs and revenues on Recyclables are arriving late, and so do not reflect the February costs.

CAPITAL OUTLAY FUND – revenues are in line with budget. Public Safety purchases relate to five police squad cars, while the Public Works expenditure was the purchase of the stump grinder. The contingency purchases were fire safety equipment, mailboxes and street lights.

EQUIPMENT REPLACEMENT FUND – Revenues are in line with budget. Purchase orders are out for the Utility Tractor, Super Duty 75, Snow blower, Tandem Axel Truck, Wheel Loader and a Ford F-550.

CAPITAL IMPROVEMENT FUND – Expenditures for the Fire Station #1 roof have occurred, S North Cape Road project, Emergency Vehicle Preemption system, various park projects and Utility work on S North Cape Road. .

STREET IMPROVEMENT FUND – Revenues are in line with budget. No contracts have been sought on the 2016 Street Improvement program as yet.

DEVELOPMENT FUND – Impact fees collections are greater than last year at this time. Collections are slower than recent years would indicate. \$108,698 of park impact fees have been transferred to the Capital Improvement fund to date.

SELF INSURANCE FUND – Premium revenues are approximately equal to budget. Claims costs are stronger than last year through February. The fund operated at a \$74,202 deficit for the first two months of 2016. Things can change quickly in this fund.

RETIREE HEALTH FUND – Insurance results generated a \$64,120 Implicit rate subsidy thru February. That reflects higher than normal claims. The Annual Required Contribution has been completely offset by the Implicit rate subsidy at this point in time. Due to an overpayment of the 2015 ARC, it is expected that the 2016 ARC will be reduced by \$150,000 and the Trust will be required to fund claims in 2016.

Caution is advised when reviewing results over such a short period of time. Investment results have been unfavorable, following market performance early in 2016.. Investment results in the equity markets can be volatile, again caution is advised.

APPROVAL <i>Slw</i> 	REQUEST FOR COUNCIL ACTION	MEETING DATE 4/19/2016
REPORTS & RECOMMENDATIONS	Approval of the Vacation/Compensatory Time Donation Policy as a Modification of the Vacation Donation Policy	ITEM NUMBER <i>G.15.</i>

(This item was tabled to the 4/19/2016 Council Meeting from the 4/4/2016 Council Meeting.)

In 2001, the City adopted a policy which allows fellow employees to donate vacation time to another employee who has run out of all paid time off and is off work due to sickness or injury. Attached is an updated version of the policy. The Personnel Committee and Director of Administration recommend approval.

Such a policy is not uncommon, although not necessarily pervasive. The presumption of such a policy is twofold. First, loss of an earned leave hour or day that will eventually be paid out is still just one hour or day of lost productivity no matter who uses the hour of leave. Second, that those donating leave time that make more than the receiving employee and those donating leave time that make less than the receiving employee will roughly equal each other over time such that the policy is fiscally neutral. Alternatively, the second point can simply be that any potential fiscal cost from disparity in wage rates between the donators and the receiver is an acceptable result from a human resources policy perspective and from a goodwill perspective.

This policy has only been used a handful of times (about 4 times in the past 10 years) but was just recently used in March. An employee, who is out for cancer treatments and approved his medical circumstances being shared with fellow employees, requested consideration under the policy. Following information being distributed, his fellow employees generously donated vacation time up to the total, combined maximum allowed amount of 25 days. Actually, more than 25 days were offered, but only 25 were transferred in accordance with the policy.

The process, however, revealed a couple aspects of the policy that warranted consideration for change. First, some large departments (for example Police and Fire) post vacation hours prior to the start of the year, and thus they do not have a bank of vacation hours to consider for donation. These departments do have compensatory time and several employees offered to transfer these hours. Compensatory time, however, is not included in the policy, so the requests were not honored. Both vacation hours and compensatory hours are guaranteed paid time off. If an employee were to leave employment, both balances would be paid out on the employee's final paycheck. As such, there is no effective reason not to allow the donation of compensatory time off as an alternative option. The Personnel Committee took up this question and concurred with staff that such an option was reasonable.

The next most significant policy change is eliminating the expectation that the policy be annually reviewed. In the post Act 10 environment, there is little reason to require annual consideration as the Common Council would clearly retain the right to amend or eliminate the

policy at any time with or without cause. Additionally, clarification and emphasis was added that the employee's consent is needed to disclose any medical information as part of the request for donation of leave balance. As presented, donation of vacation hours by an individual remains limited to 25% of their accumulated balance, whereas compensatory time is not limited except by the overall limit that an individual may only receive up to 25 days over a two-year period.

Although approval is recommended at this time, please note that the Personnel Committee requested staff to further investigate the appropriateness of the overall cap of 25 days over a two-year period and to bring it back to a future meeting in conjunction with other benefit issues that are under review. As such, the issue could return in the near future.

The Director of Administration recommends incorporating this policy into the Employee Handbook and Civil Service System Personnel Administration Program, because such free-standing policies do not get the necessary distribution and can be misplaced or forgotten over time. These two manuals are the intended mechanisms for recording and distributing such human resources policies.

[Note: The marked-up version is attached for convenience, but approval would be of the final, non marked-up version.]

COUNCIL ACTION REQUESTED

Motion to approve the Vacation/Compensatory Time Donation Policy as a modification of the Vacation Donation Policy and authorize the Director of Administration to incorporate it into the Employee Handbook and Civil Service System Personnel Administration Program in a manner and format as he shall determine is appropriate, which incorporation shall then replace and supersede this separate policy.

City of Franklin
Vacation/Compensatory Time Donation Policy

I. **PURPOSE**

The purpose of this policy is to establish procedures for an employee to receive donated vacation time and/or compensatory time from fellow City employees when the individual has an insufficient amount of accumulated sick days, vacation days, compensatory time, or other leave to provide for continued salary during the extended illness or other medical condition.

II. **POLICY**

It is the policy of the City of Franklin (Resolution No. 2001-5191) to allow non-represented employees to donate vacation/compensatory time to another employee in the event of illness or injury if the ill or injured does not have sick or vacation time left in his/her account. An employee may donate a maximum of 25% of such donor employee's current accumulated vacation time during the subsequent two (2) year period. An employee may donate any amount from their compensatory time balance. There shall be an aggregate limit to such transfer of vacation/compensatory time by all other employees to any one employee of twenty-five (25) days in a two (2) year period. ~~This policy requires approval of the Common Council prior to December 31st of each year for continuation.~~

III. **ELIGIBILITY**

- A. All non-represented employees who have worked for the City of Franklin for a minimum of 6 months, and who ~~by resolution~~, qualify for sick and vacation time benefits, shall be eligible to request a donation of vacation/compensatory time from other City employees when the employee has an insufficient amount of accumulated sick days, or other leave to provide for continued salary during an illness or other medical condition of the employee.
- B. Employees who are not provided sick or vacation time benefits, by resolution, shall be ineligible to receive donated vacation time from fellow City employees.

IV. **LIMITATIONS**

- A. No city employee shall be permitted to use donated leave time until the Employee has exhausted his/her entire sick leave, vacation time, compensatory time, personal days, and holiday time.

- B. Employees will be permitted to request donation of vacation/compensatory time only one time during any 2-year period.
- C. The maximum amount of vacation time any one employee will be permitted to donate to another employee is 25% of their current accumulated vacation time during any two (2) year period. An employee may donate any amount from their accrued compensatory time account.
- D. The maximum amount of leave any one employee may receive through donations of vacation/compensatory time from other employees is 25 days in a two (2) year period.
- E. This donation of vacation/compensatory time is subject to the discretion of the employee's Department Head and based on workload and staffing of the Department.

V. **PROCEDURES**

- A. The Human Resources Coordinator shall provide Leave Donation Request forms for eligible employee's use. An employee will be required to have a physician certify that the employee has a serious health condition, which prevents the employee from working. The forms shall not require an employee to disclose any information about the nature of the illness or medical condition. All such medical information shall be treated as confidential and shall not be disclosed to unauthorized persons without the employee's consent.
- B. Any eligible City employee, who wishes to solicit donations of vacation/compensatory time in accordance with this policy, shall submit a completed Leave Donation Request form to the employee's Department Head.
- C. Department Heads that receive a completed Leave Donation Request form shall verify that the requesting employee is eligible to receive donated leave, then forward the Leave Donation Request form to the Director of Administration.
- D. The Human Resources Coordinator will verify the requesting employee is eligible to receive donated vacation/compensatory time from fellow employees and, upon such verification, will notify all employees and include a Leave Donation form in the memo or email. The Leave Donation form will notify all City employees of only the name of the employee requesting donated leave and in what Department the said employee works. No information regarding the illness or medical condition may be divulged without the employee's consent.

- E. Leave Donation forms must be completed and returned to the Human Resources Coordinator within 15 working days of distribution or they will not be accepted.
- F. The Human Resources Coordinator, upon receipt of a Leave Donation form, shall have the Payroll/Accounting Clerk transfer the donated leave from the donating employee's vacation/compensatory time account to the requesting employee's sick leave account.
- G. The Human Resources Coordinator shall notify the Department Head and the recipient employee of the number of hours credited to the employee's sick leave account.
- H. If the recipient employee returns to regular duty prior to exhausting the donated leave, the employee shall be allowed to retain up to 8 hours of the donated leave. Any balance of sick leave exceeding 8 hours shall be returned to the employee who donated the leave on a prorated basis.
- I. Employees who have received donated leave time from other employees, shall not be entitled to any payout for any unused donated leave upon termination from City employment. Such unused leave shall be returned to the employees who donated the leave on a prorated basis.
- I.J. In the event that employees donate more than the maximum allowable number of days, Human Resources shall have the authority to reallocate days/hours back to employees in a manner as they see fit.

This policy is not intended to replace any provision of the Family Medical Leave Law.

APPROVAL 	REQUEST FOR COUNCIL ACTION	MEETING DATE 04/19/2016
REPORTS & RECOMMENDATIONS	Preliminary Report on Retaining Part-Time Building Inspector	ITEM NUMBER G.16.

At their December 15, 2015 Common Council Meeting, the Council moved "to authorize Building Inspection to retain the additional part-time building inspector during 2016 subject to no need for use of additional fund balance as per the recommendation and subject to the Director of Administration providing a report and update at the April 19, 2016 Council Meeting". The Council Action Sheet that led to that approval is attached for your information.

Following is a very high-level, preliminary summary of departmental activities so far this year. Since the initial December approval, the clerical vacancy has been filled but training is still underway for the newest inspector. Additionally, one inspector is still in the process of obtaining the necessary Commercial Building Inspector Certification. At the same time, the Department has been meeting with Planning and the Fire Department to revise the process for reporting and tracking certain business compliance procedures, which will enable the monthly complaint tracking report to be cleaned up after some computer programming is completed. The Department has also created, during the first quarter of this year, a shared database that allows for better monitoring and oversight of outstanding permit applications and plan review performance. The Director of Administration's goal is to back fill the report with 2015 data for a better overall performance evaluation. Lastly, during the first part of this year, retaining the part-time inspector has helped make it possible for the Building Inspector to work with the City Attorney's Office to complete issuing a raze or repair and raze order on two properties (7853 Ridgewood and the buildings on the Mahr estate, respectively).

As noted, this is a very high-level, preliminary summary of departmental activities so far this year. The Director of Administration wants to complete an analysis of actual permit issuance results and develop a recommended strategy for what the City should do in the event our newer inspector fails to obtain the necessary commercial certification. **The Director of Administration respectfully requests an extension to the reporting deadline as initially set.**

In doing so, the Director of Administration continues his commitment stated in the prior Council Action Sheet, as already incorporated into the previous approval, which was as follows: "the Director of Administration commits to finding sufficient savings or reductions from within the operating budgets he oversees to cover those [costs] such that the use of fund balance is not required." Given the status and priority of labor negotiations and given there will be no drain on fund balance, the Director of Administration respectfully requests an extension of the reporting timeline to the first meeting in June (which may include the Committee of the Whole meeting).

COUNCIL ACTION REQUESTED

Motion to grant an extension for the Director of Administration to provide a report and update on retainage of the additional part-time building inspector to the Common Council on or before their first meeting in June (June 7, 2016).

APPROVAL <i>Stew</i> <i>[Signature]</i>	REQUEST FOR COUNCIL ACTION	MEETING DATE 12/15/2015
REPORTS & RECOMMENDATIONS		Authorization to Retain a Part-Time Building Inspector

In April of 2015, the Common Council authorized the continued use of a part-time Building Inspector, who was a retired, former employee, to support existing operations funded within current appropriations. Shortly thereafter a recently hired Assistant Building Inspector resigned. Although that departing staff member needed additional training for effective construction inspection, he had lots of enforcement inspection and was helping move complaints along, until his resignation. The department has been operating short-handed since that time. As such, the part-time building inspector has remained active in his limited, 12-hour per week role per the initial authorization.

As of December 14th, however, the Department will technically be up to full staffing. The hiring process was slightly delayed pending waiting for the preliminary results of the Classification and Compensation Study. The challenges of the two prior hiring efforts in the immediately prior year suggested the City might benefit from using the new results. After that, finding an appropriate candidate through the process simply took some time. Unfortunately, the Department will only be up to full staff for about 3 weeks, because the Secretary has submitted her resignation. Losing a person knowledgeable in office practices and in the permitting and scheduling software will have a negative impact on inspections, as remaining staff have to fill in this role until it is filled and the person is trained.

Additionally, being up to full staff does not mean up to full speed. One staff member, as recently reported to and discussed with the Personnel Committee, who was hired lacking the commercial inspection certification, has completed the class work and is taking the test for certification. After that he will need in-field training before he can effectively perform commercial inspections solo. (It should be noted that he is doing well with residential inspections). The new employee starting next week comes to the City with his commercial certification as a result of having an architect's license, but he is lacking specific and direct building inspection experience. His education and work experience make him very trainable for the position, but field training will be necessary. The remaining UDC inspectors are the supervisory staff who have put in a significant amount of overtime in the last year and a half.

I recommend continuing to retain the current part-time building inspector pending further action by the Common Council with the Director of Administration to return with a report at the second meeting in April. [That gets through the first quarter of inspections and past the first meeting following the election.]

Continuing the part-time services would be very valuable in trying to meet service demands while the new employees go through a transition, learning curve, and field training. Again, significant in-the-field training will need to occur to ensure the consistency that is important in Building

Inspection. The hiring and experience scenario is not uncommon in Building Inspection, so a transition period until full functionality is expected. As such, having access to a part-time inspector who can help maintain service and performance levels during a transitional period is very valuable. Depending upon new permit activity, the goal would of course be to assist in re-engaging with complaint enforcement as was occurring prior to the last resignation. Note, however, that permit issuance and construction inspections remain the priority.

I believe this will be essential in helping the department to continue to address a back-log. For example, only six weeks or so ago commercial permits were within the maximum-targeted, two-week waiting period. That has again blossomed in recent weeks. And, each permit issued is only a fraction of the work load, as each involves multiple inspections and the associated record keeping. I also believe it is important to ensure more stable inspection services to assist the Director of Economic Development in trying to promote Franklin's development potential.

The part-time position does not receive health or pension benefits, so the cost per month is only approximately \$1,700. It is possible that depending upon how the secretary vacancy is filled, sufficient appropriations could be available within the department. If it is filled as a result of the internal posting, then sufficient savings will not likely accrue to cover the \$1,700 per month. In that event, the Director of Administration commits to finding sufficient savings or reductions from within the operating budgets he oversees to cover those first four months such that the use of fund balance is not required.

Given no need for use of additional fund balance, the availability of an experienced part-time inspector, the need for significant training of new employees, and the need to address backlogs, it is strongly recommended that the Building Inspection Department be permitted to retain a part-time building inspector during 2016 as discussed above.

COUNCIL ACTION REQUESTED

Motion to authorize Building Inspection to retain the additional part-time building inspector during 2016 subject to no need for use of additional fund balance as per the recommendation and subject to the Director of Administration providing a report and update at the second regular meeting of April 2016.

APPROVAL 	REQUEST FOR COUNCIL ACTION	MEETING DATE 4/19/2016
REPORTS & RECOMMENDATIONS	Revised Job Description and Promotional Status for the Position of Confidential Fire Administrative Assistant	ITEM NUMBER G.17.

(This item was tabled to the 4/19/2016 Council Meeting from the 4/4/2016 Council Meeting.)

A job description for the position of Confidential Fire Administrative Assistant is recommended for approval as a result of the review performed during the Classification and Compensation study. This job description is effectively a reclassification of the Secretary - Fire position. Although a number of positions will have subtle changes to their job description proposed - such as a revision to the years of experience - this position was evaluated to reflect a significant change in the components of the job. The need for the position to reflect a higher level of duties has been proposed by the Fire Department for a number of years, but consideration was held off pending consideration within the Classification and Compensation study.

The duties in the job description as proposed reflect the current level of the duties for the position. It is this level of duties that was evaluated in the Class and Compensation study. As such, the revised job description does not require an adjustment to the position scoring or to its placement within the classification plan. The attached, proposed position description incorporates a couple of adjustments as recommended by the Personnel Committee. The Personnel Committee's motion related to the revised job description is as follows. The Director of Administration and Fire Chief also recommend adoption.

"Motion by Member Barber and seconded by Member Traynor to recommend to Common Council to accept the job description with changes made (fix the typo in "the", add an "s" on "maintain", change "make sure" to "ensure", change "owner of property" to "property ownership", add an "s" to "Assist", and add "Proven" before "Ability to handle"). Motion Carried: Ayes - All."

As noted above, the job description reflects a significant change in duties from the current job description that applies to the individual currently in the position. In fact, from all of the positions evaluated in the Classification and Compensation study, this is the one position that had the most significant changes, by far. That being the case, upon the recommendation of the Director of Administration, the Personnel Committee considered whether the reclassification should be considered a promotion. The Director of Administration reported to the Personnel Committee that the nature of the changes to the job description are significant enough to constitute a different job or a new position, but it is being addressed as a reclassification of an existing job that retains the incumbent. In conclusion, the Director of Administration recommended that awarding the position as a promotion was an appropriate conclusion. He further noted, however, that the initial placement of the position in the new pay plan in accordance with the implementation instructions resulted in an additional 2% increase than had this position been redrafted in advance of the Classification study.

In other words, in determining the increase to be provided along with the promotion, if so authorized, it will be calculated as if 2% had already been awarded. Per the adopted policy, the amount of a promotional increase is between 5% and 7.5%, as determined by the Mayor giving consideration to performance, etc. The Personnel Committee, Director of Administration, and Fire Chief recommend the reclassification of the position of Secretary - Fire to Confidential Fire Administrative Assistant be treated as a promotion for the incumbent, with the restriction as previously noted. Following is the motion as adopted by the Personnel Committee:

"Motion by Member Barber and seconded by Alderman Mayer to recommend to Common Council that it is reasonable to consider the level of adjustment in the job description as a promotion. Motion Carried: Ayes - All."

[Note: The marked-up version is attached for convenience, but approval would be of the final, non marked-up version.]

COUNCIL ACTION REQUESTED

Motion to adopt the revised job description for the position of Confidential Fire Administrative Assistant with changes made as recommended by the Personnel Committee.

AND

Motion to approve the reclassification of the position of Secretary-Fire to Confidential Fire Administrative Assistant position be treated as a promotion for the incumbent with the restriction of the increase in wage be calculated as if 2% had already been awarded and effective retroactive consistent with the implementation of the Classification and Compensation Plan.

CITY OF FRANKLIN
Job Description

Job Title: ~~Secretary~~ Confidential Fire Administrative Assistant

Department: Fire

Appointing Authority: Fire Chief

Reports To: Fire Chief

Salary Level: ~~Teamsters Union Contract~~ Salary Range 4

FLSA Status: ~~Union~~ Non-Exempt

Prepared By: ~~James Martins, Fire Chief~~ Dana Zahn, Human Resources Coordinator

Prepared Date: ~~July 11, 2008~~ March 2016

Approved By: ~~Resolution 2008-6469~~ Common Council

Approved Date: ~~August 5, 2008~~

Summary:

Performs a variety of confidential, complex and routine clerical, secretarial and administrative work in the keeping of Fire related documents, reports and records, answering telephones, receiving the public, providing customer assistance, data processing, and record keeping. Assist in administration of the operating policies and procedures of the department.

Receives the public and answers questions; responds to inquiries from employees, citizens, and others, and refers, when necessary, to appropriate persons.

~~Duplicates and distributes material.~~

Composes, types, and edits correspondence, reports, memoranda, and other material requiring judgment as to content, accuracy, and completeness, including related to confidential matters.

Reviews, ~~and~~ coordinates, and processes EMS billing to ~~make sure~~ bills are correctly coded as ALS or BLS and paperwork is completed properly. ~~Sends to the correct entity for billing.~~

Coordinates inspection billing by investigating ~~owner of a property~~ property ownership, calculating amount due ~~by tax #~~, entering information into computer systems, and sending to accounting for billing-creating an invoice, and following up on past due invoices.

Reviews, coordinates and processes invoices and purchase orders relative to the Finance software.

Enters occupancy and testing related data into computer system for construction projects.

Processes fire alarm and sprinkler plans for new and remodeled buildings, including invoicing plan review fees, receiving payments, and managing storage of data, records and plans.

Schedule appointments for Fire Inspection Bureau with contractors and business owners.

Signs for and takes responsibility for controlled medical drugs in the absence of a paramedic or officer.

Tracks repetitive callers and makes referrals to the Health Department as needed.

~~Maintains department files.~~

Attends meetings and compiles minutes as needed.

Schedules CPR classes for the public.

Reviews and submits department timesheets for processing. ~~Ensures overtime is paid in accordance with FLSA requirements.~~

Assists in coordinating Information Services' maintenance of departmental computer systems, which may include executing routine actions.

Assists the public with the use of department facilities.

Runs departmental errands as needed.

Other duties as assigned by the supervisor.

Minimum Qualifications:

Education and Experience:

Graduation from high school or GED equivalent with specialized course work in general office practices such as typing, filing, accounting and bookkeeping, and ~~two (2)~~ four (4) to six (6) years of increasingly responsible related experience, or any equivalent combination of related education and experience.

Necessary Knowledge, Skills and Abilities:

Working knowledge of computers and electronic data processing.

Ability to type 45 words per minute.

Ability to protect confidentiality and right to privacy of all customers.

Working knowledge of modern office practices and procedures.

Some knowledge of accounting principles and practices.

Skill in operation of listed tools and equipment.

Ability to effectively meet and deal with the public.

Ability to effectively communicate in writing and verbally.

Proven aAbility to handle stressful situations.

Ability to make independent judgments which have minor-moderate impacts on the organization.

Supervision Received:

Works under the close supervision of the Fire Chief, according to an established work routine.

Supervision Exercised:

None.

Licensing and Certification:

None. Valid WI driver's license required.

Tools and Equipment Used:

Telephone; personal computer, including word processing and spreadsheet software; copy machine; fax machine; two-way radio; calculator and typewriter.

Physical Demands:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is frequently required to sit, talk and listen. The employee is occasionally required to walk; use hands and fingers to feel, handle, or operate objects, tools, or controls; and reach with hands and arms.

The employee must occasionally lift and/or move up to 15 pounds. Specific vision abilities required by this job include close vision and the ability to adjust focus.

Work Environment:

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Inside controlled workplace environment. The noise level in the work environment is moderate. Possible exposure to blood-borne pathogens in body fluid.

The duties listed above are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to the position.

The job description does not constitute an employment agreement between the employer and employee and is subject to change by the employer as the needs of the employer and requirements of the job change.

Job Responsibilities Related to Patient Privacy:

The Employee shall protect the privacy of all patient information in accordance with the City of Franklin Fire Department's privacy policies, procedures, and practices, as required by federal (and state) law, and in accordance with general principles of professionalism as a health care provider. Failure to comply with The City of Franklin Fire Department's policies and procedures on patient privacy may result in disciplinary action up to and including termination of employment.

The Employee may access protected health information and other patient information only to the extent that is necessary to complete their job duties. The Employee may only share such information with those who have need to know specific patient information you have in your possession to complete their job responsibilities related to treatment, payment or other Fire department operations.

The Employee is encouraged and expected to report, without the threat of retaliation, any concerns regarding The City of Franklin Fire Department's policies and procedures on patient privacy and any observed practices in violation of that policy to the designated Privacy Officer or the Director of Administration.

APPROVAL 	REQUEST FOR COUNCIL ACTION	MEETING DATE 4/19/2016
REPORTS & RECOMMENDATIONS	Avaya Two-Year Extension of Telephone & Voicemail Maintenance Services for the City of Franklin	ITEM NUMBER G.18.

(This item was tabled to the 4/19/2016 Council Meeting from the 4/4/2016 Council Meeting.)

The City has a current Service Agreement with Avaya for maintenance of the Definity phone system (now called "Communication Manager" by Avaya), which includes cabinets, circuit controls, and hardware and software for the entire phone and voicemail systems. The current monthly cost of the service is \$952 or \$11,424 annually. This price has been in place since 2012, but that contract is expiring May 26, 2016. The price is increasing to \$12,005 per year, which is about \$1,000 per month and amounts to a 5% increase since the 2012 contract.

The Centrex and ISDN services are currently contracted with AT&T through August 2019. As such, a three-year extension of the phone and voicemail systems would be appropriate. Unfortunately, the voicemail system is reaching the end of support date beginning in 2018. As such, a two-year extension of the current maintenance agreement is more appropriate. This would position City Hall to be able to examine newer systems, including consideration of IP technology, as we approach the end of the contracts. At that time, the City would undertake a more expansive review of phones, phone systems, and voicemail services to determine the best options moving forward. The continued extension at this time also continues to take advantage of effective savings through extending the years of service on the initial investment.

The catch is that Avaya only includes items on a maintenance contract in whole-year units. Therefore, the Intuity voicemail system maintenance (\$2,400) is removed from the second year of the contract. After the expiration of the one-year term, the City would be able to continue on a month-to-month basis through the remainder of 2017 and month-to-month with "best effort" service through the completion of the full two years. Historically, AT&T and Avaya have provided month-to-month service without quickly increasing rates, so the proposed approach is not unreasonable based on past experience.

Avaya has continued to provide good service and response in maintenance of their system and retaining them through the useful life of the voicemail system is recommended.

COUNCIL ACTION REQUESTED

Authorize the Director of Administration to execute a "Channel Service Agreement Order Form" with Avaya for a two-year extension of telephone and voicemail maintenance services in accordance with the Service Agreement Detail Document, including continuing a month-to-month service arrangement for the voicemail system during year two.

Quote Produced on Mar 24, 2016

Quote Expires on Jul 22, 2016

Estimated Service Agreement Start Date: Mar 24, 2016

Hardware Maintenance Payment Frequency: Annual Prepaid

Hardware Maintenance Quote Term in Months: 24

Port Pricing Type: Switch Only

Region: United States

Currency: USD

* Estimated Subsequent Invoice Amount is for informational purposes only & does not reflect 1) changes associated with utility measurements gathered at true-up, 2) subsequent component additions to already covered product categories or 3) Invoice amounts for items eligible for coverage in yearly increments. Estimated subsequent invoice amounts are calculated assuming that coverage is still available in subsequent years.

* The quoted items included in this report must be covered by a current, unexpired contract to generate a complete quote detail.

Coverage for this MPC/Material has lapsed beyond the grace period, therefore, charges apply and are included in the Re-initiation fee.

page: 2

The Maintenance Services being ordered on this Order Form and the associated billing may commence, in some cases, during the Avaya Product warranty period.

Avaya will, at its discretion, perform a true up on no more than a quarterly basis to reconcile future billing on some items which have been added (activated) or removed (deactivated) during the previous period. No credits or cash payments will be issued against previously paid amounts.

Maintenance service unit price associated with CMS Administered Agents and Administered Voice Mail Boxes will remain fixed based on the number of units located at the site at time of the maintenance contract start date. This per unit charge will remain unchanged for the contracted term of maintenance support, independent of quantity changes recorded during true-ups.

Service charges for IP ports and certain Communication Manager applications (including but not limited to Wan Spare Processor, Local Spare Processor, Survivable Remote Processor & IP Agents) located at remote customer sites that are priced under the utility pricing methodology will be invoiced at customer's main/media server location. These service charges will be invoiced based on the coverage option and pricing reflected at the main site or location.

The Re-Initiation Fee Policy can be found at: **Partner Portal > Business Tools, Policies & Processes > Policy Information > Support Services Policies**

ALERT NOTIFICATION FOR QUOTES WITH SS and SSU COVERAGE:

SS Coverage is only billed as FULLY PREPAID. If your SSU annual billed quote has SS items on it, the SS items will be co-terminated with the SSU coverage but will bill as a one-time full prepayment regardless of the billing option selected when creating the quote. Please adjust your purchase order/contract accordingly.

APPROVAL <i>Slw</i> 	REQUEST FOR COUNCIL ACTION	MEETING DATE 04/19/2016
REPORTS & RECOMMENDATIONS	Notice of Claim from Owen Buske for Injuries and Damage Allegedly Sustained as a Result of Contaminated Water Being Supplied to Residence Located at 9250 S. 46th Street, Franklin	ITEM NUMBER <i>G, 19.</i>

Notice of claim received February 8, 2016 from Mr. Owen Buske for injuries and damage allegedly sustained as a result of contaminated water being supplied to his residence located at 9250 S. 46th Street in Franklin. The Common Council may enter closed session pursuant to §19.85(1)(e) and (g), Stats., to consider a notice of claim from Mr. Owen Buske for injuries and damage allegedly sustained as a result of contaminated water being supplied to his residence located at 9250 S. 46th Street, Franklin, and may reenter open session at the same place thereafter to act on such matters discussed therein as it deems appropriate.

Staff recommends denial of the claim pursuant to Wisconsin Statute 893.80(1g) for disallowance of the claim, based upon and in concurrence with the insurance adjuster that the investigation revealed that the City of Franklin was not negligent or liable for this matter. This was a "shared" private well in which there was a private agreement between the property owners to which the City was not a party. The City has no role or responsibility in the maintenance of the well, nor does the City have any authority over or control of the ground water. The City did nothing to cause the contamination and, when the City became aware of the contamination through a series of events, the City took appropriate action to ensure that each residence, if they remained inhabited, had a potable water supply.

COUNCIL ACTION REQUESTED

The Common Council may enter closed session pursuant to §19.85(1)(e) and (g), Stats., to consider a notice of claim from Mr. Owen Buske for injuries and damage allegedly sustained as a result of contaminated water being supplied to his residence located at 9250 S. 46th Street in Franklin, and may reenter open session at the same place thereafter to act on such matters discussed therein as it deems appropriate.

Motion to deny the claim of Mr. Owen Buske pursuant to Wisconsin Statute 893.80(1g), based upon and in concurrence with the insurance adjuster that the investigation revealed that the City of Franklin was not negligent or liable for this matter as discussed in the Council Action Sheet.

OR

Motion to layover and refer to staff for additional information.

RE: Our Claim #: WM000402260188
Claimant: Owen Buske, 9250 S. 46th Street
Franklin, WI 53132

Dear Ms. Huening:

We are in receipt of the "Claim" documentation submitted by Mr. Buske in which he is asserting a claim for injuries and damages sustained as a result of contaminated water that was being supplied to his residence located at 9250 S. 4th Street.

Our investigation has revealed that the City of Franklin was not negligent or liable for this matter as this was a "shared" private well in which there was a private agreement between the property owners that the City was not a party to. The City has no role or responsibility in the maintenance of the well, nor does the City have any authority over or control of the ground water. Based on our investigation, the City did nothing to cause the contamination, but rather became aware of the contamination through the series of events and took appropriate action to ensure that each residence, if they remained inhabited, had a potable water supply. According to our discussion with City officials, the City of Franklin does not get involved in the private property or contractual disputes between multiple property owners of shared private wells. Therefore, in the absence of negligence and absence of liability on the part of the City, we recommend that the City of Franklin disallow this claim pursuant to the Wisconsin Statute for disallowance of claim 893.80(1g). The disallowance of the claim in this manner will allow us to shorten the statute of limitations period to six months.

Please send the disallowance, on your letterhead, directly to the claimant at the above listed address. This should be sent certified or registered (restricted) mail and must be received by the claimant within 120 days after you received the claim. Please send me a copy of the Notice of Disallowance for our file.

Thank you.

Sincerely,

Ginger Kimpton, AIC

OWEN BUSKE
9250 S 46TH STREET
FRANKLIN, WI 53132

Regarding: Our Insured: City of Franklin
Claim No: WM000402260188

Dear Mr. Buske:

Statewide Services, Inc. administers the claims for the League of Wisconsin Municipalities Mutual Insurance, which provides the insurance coverage for the City of Franklin. We are in receipt of your "Notice of Claim" documentation for the above referenced incident in which you are asserting a claim for injuries and damages allegedly sustained as a result of contaminated water that was being supplied to your residence located at 9250 S. 46th Street.

We have performed an investigation and determined that there is no negligence on the part of the City of Franklin. According to our investigation, this is a "shared" private well in which there was a private agreement between the property owners, and the City was not a party to that agreement. The City has no role or responsibility in the maintenance of the well. Additionally, the City of Franklin has no authority over or control of the ground water. The City did nothing to cause the contamination, but rather became aware of the contamination through the series of events and took appropriate action to ensure that each residence, if they remained inhabited, had a potable water supply. The City of Franklin does not get involved in the private property or contractual disputes between multiple property owners of shared private wells. Therefore, in the absence of negligence and the absence of liability on the part of the City of Franklin, Statewide Services Inc. is advising the City to disallow your claim.

Sincerely,

Ginger Kimpton, AIC
