Meeting of August 8, 2013

Certified Survey Map

RECOMMENDATION: Department of City Development staff recommends approval of the 2-lot Certified Survey Map for property located at 3553 West Sherwood Drive, subject to the conditions of approval in the attached draft Resolution.

Project Name:	Wyndham Homes, LLC Certified Survey Map
Project Address:	3553 West Sherwood Drive
Property Owner:	Wyndham Homes, LLC
Applicant:	Wyndham Homes, LLC
Current Zoning:	R-6 Suburban Single-Family Residence District
2025 Comprehensive Master Plan:	Residential
Use of Surrounding Properties:	Single-family residential to the north, east and west and Jubilee Faith Christian Church and Next Step Dance Studio to the south.
Applicant's Action Requested:	Recommendation to the Common Council for approval of the proposed Certified Survey Map

INTRODUCTION:

Please note:

- Staff recommendations are *underlined, in italics* and are included in the draft Resolution.

The applicant is seeking approval of a 2-lot Certified Survey Map (CSM) for property located at approximately 3553 West Sherwood Drive. The proposed CSM will divide the property at 3553 West Sherwood Drive in half. The result will be two new single-family lots meeting the requirements of the R-6 Suburban Single-Family Residence District. The property located at 3553 West Sherwood Drive is currently vacant.

PROJECT DESCRIPTION AND ANALYSIS:

Lot 1 of the proposed Certified Survey Map (CSM) has an area of 15,000 square feet (approximately 0.34 acres) and encompasses the west half of 3553 West Sherwood Drive. Lot 2, of the proposed CSM also has an area of 15,000 square feet (approximately 0.34 acres) and encompasses the east half of 3553 West Sherwood Drive. Both lots will have approximately 100 feet of frontage along West Sherwood Drive. While both lots will have double frontage, a note has been added to the face of the CSM restricting vehicular access to West Ryan Road. Furthermore, each property will be served by municipal sanitary sewer and water.

Both of the proposed lots meet the minimum lot area requirement of 11,000 square feet as required by Table 15-3.0207, R-6 Suburban Single-Family Residence District Development

Standards, of the City of Franklin Unified Development Ordinance. Lot 1 and Lot 2 will each have a 30' Landscape Bufferyard Easement along the south property line to screen the single-family homes from West Ryan Road/STH 100. The easements will match those of the existing lots to the east and west, which are part of the Southwood East Subdivision. There is an existing berm along the south of each property. The applicant provided a Landscape Plan, which proposes ten (10) evergreen trees to be planted on the berm on each lot.

Please note when the adjacent Southwood East Subdivision was developed, the properties along West Ryan Road were required to provide an increased rear yard building setback of 42 feet (opposed to the 30 feet rear yard setback required in the R-6 District). This was likely due to the proximity of these properties to an arterial street/highway. To match the character of the existing homes in the area, the applicant is proposing a 42' rear yard setback. According to Section 15-5.0108 of the City of Franklin Unified Development Ordinance, "Building setback lines appropriate to the location and type of development contemplated, which are more restrictive than the regulation of the zoning district in which the Subdivision, Certified Survey Map, or Condominium are located, may be required by the Plan Commission".

The applicant provided a No Natural Resource Letter from Dave Meyer of Wetland & Waterway Consulting, LLC dated June 17, 2013. In his letter, Mr. Meyer states he found no evidence of wetlands or any other protected natural resource feature per Division 15-4.0100 of the City of Franklin Unified Development Ordinance on the property located at 3553 West Sherwood Drive. Mr. Meyer requested concurrence with the findings of his letter from Jesse Jensen with the Wisconsin Department of Natural Resources and Anthony Jernigan with the U.S. Army Corps of Engineers. Staff concurs there are no protected natural resource features present on the subject lands.

STAFF RECOMMENDATION:

Department of City Development staff recommends approval of the 2-lot Certified Survey Map for property located at approximately 3553 West Sherwood Drive, subject to the conditions of approval in the attached draft Resolution.

HISTORY:

The Academy of Preschool Learning, Inc. has been operating in Franklin at House of Prayer Lutheran Church (3900 West Ryan Road) since 1981, but would like to relocate across the street to Next Step Dance Studio's building. The business has been State licensed since 1981 and is licensed through the City of Franklin. The A.P.L. has additional locations in South Milwaukee, Greendale, Hales Corners and Franksville.

PROJECT DESCRIPTION AND ANALYSIS:

The applicant is requesting Special Use approval to operate a preschool educational facility in approximately 1,300 sq. ft. of existing studio space within the Next Step Dance Studio building located at 3501 West Ryan Road. Next Step Dance Studio received Site Plan approval in 2009 via Resolution No. 2009-001. The property is approximately 0.93 acres or 40,510 square feet.

Academy of Preschool Learning provides preschool education for children ages 2.5 to 5 years old. According to the applicants, their program specializes in reading and math readiness. Hours of operation for the preschool educational facility are from 9:00 a.m. to 2:30 p.m. Monday, Wednesday and Friday and 9:00 a.m. to 11:15 a.m. Tuesday and Thursday. According to the applicant, their proposed morning through early afternoon class schedule will not conflict with Next Step Dance Studio's classes, which are primarily in the late afternoon/early evening.

Parking:

Table 15-5.0203 of the City of Franklin Unified Development Ordinance (UDO) defines requirements for off-street parking. According to this section, the proposed preschool educational facility use would require 0.30 spaces per person based on their licensed enrollment capacity. If one applies this standard to A.P.L.'s maximum class size of twenty (20) children, then Academy of Preschool Learning would be required to provide a minimum of six (6) off-street parking spaces.

The site currently has twenty (20) off-street parking spaces. One (1) of the off-street parking spaces is handicap accessible, which meets minimum requirements of Table 15-5.0202(I)(1) of the City of Franklin Unified Development Ordinance. In addition to a twenty-stall parking lot, Next Step Dance Studio has a shared parking agreement with the adjacent Jubilee Faith Christian Church, which provides ample overflow parking as needed. Therefore, staff finds the existing off-street parking adequately serves the needs of Academy of Preschool Learning, Inc. and Next Step Dance Studio.

Section 15-3.0701(A) and (C) of the UDO contains the General Standards and Considerations that must be examined for each proposed Special Use prior to granting approval. The applicant has provided a written response to each of the seven standards, which is included in your packet.

STAFF RECOMMENDATION:

City Development Staff recommends approval of the proposed special use for a preschool educational facility use upon property located at 3501 West Ryan Road.

Reports & Recommendations	**SUBJECT:** A resolution authorizing officials to execute an Engineering Service Agreement with Ruekert-Mielke for the sanitary sewer lining on S. 35th Street and S. 36th Street between W. Madison Boulevard and W. Marquette Avenue; W. Marquette Avenue between S. 35th Street and S. 36th Street and the easement between S. 36th Street and S. 37th Place south of W. Madison Boulevard	**ITEM NO.** G.13.

BACKGROUND

Earlier this year the City had Rueker-Mielke develop plans and specifications for the lining of the sanitary sewer on S. 36th Street between W. Missouri Avenue and W. Madison Boulevard. This was successfully completed at a cost below estimates. This earlier line will facilitate the private property rehabilitation of Phase II which is now underway.

ANALYSIS

The Common Council has authorized staff to proceed with Phase III which are the sanitary sewers in the Rawson Homes Subdivision south of W. Madison Boulevard. It is important that because the main line sanitary sewers leaks the lining should proceed the lateral lining; therefore, staff recommends the lining of the subject sanitary sewers as they are the oldest and weakest sewers in the City.

FISCAL NOTE

Funds are available in the Sanitary Sewer Fund under the rehabilitation account. It is estimated the cost of lining to be $44,000.

PRELIMINARY ESTIMATE OF JANUARY 1, 2013 POPULATION

Dear Municipal Clerk:

The Demographic Services Center's preliminary estimate of the January 1, 2013 population for the CITY OF FRANKLIN in MILWAUKEE County is **35,810**. This represents a change of 359 persons (1.0 percent) since the 2010 Census.

Wisconsin's total population is estimated at 5,716,000 which is a change of 29,014 persons and 0.5 percent.

Following is a summary of the data we used in estimating your population:

	2010 Census Count	2013 Preliminary Estimate
2010 U.S. Census Count January 1, 2013 Estimate	35,451	 35,810
Motor vehicles registered Percent of vehicles in State	28,844 0.548	28,815 0.568
Income tax filers Percent of filers in State	23,639 0.650	22,775 0.664
Filers plus dependents Percent of Filers plus dependents in State	30,723 0.623	29,251 0.640
Income tax returns Percent of income tax returns in State	15,873 0.621	15,395 0.632
Institutional Population	1,989	1,668

In addition, in response to our housing survey that we sent you earlier this year, your municipality reported a net change of 121 housing units for calendar year 2012. (If we did not receive a survey from you, we estimated your change in housing stock or used other sources.)

Approximately 28,272 of the estimated population for the CITY OF FRANKLIN are of voting age. This courtesy estimate helps you to comply with Wisconsin Statute 5.66, which requires municipal clerks to approximate the number of electors prior to elections. The voting age population was calculated by applying the census proportion of persons over 18 to the preliminary January 1 estimate, and then multiplying the result by a state-wide factor to account for the general aging of the population. Please note that, if you have an adult correctional facility in your municipality, its population is included in this voting-age estimate.

MUNICIPAL POPULATION ESTIMATE CHALLENGE FORM

If your municipality believes that the estimate is not a reasonable approximation of your population, complete this form and submit it **with administrative data** that can be used to evaluate the challenge. Submit the challenge on or before **September 15, 2013**.

Evidence based upon administrative records or other information is presented in support of this contention, as required by §16.96 of the Wisconsin Statutes. The statutes do not permit the Department of Administration to accept the results of a population enumeration conducted by any group, agency or unit of government other than the U.S. Census Bureau.
