

CITY OF FRANKLIN
COMMON COUNCIL AND PLAN COMMISSION
BADKE V. GREENDALE VILLAGE BOARD NOTICE

Notice is hereby given that a majority of the Common Council and Plan Commission of the City of Franklin may attend a public hearing regarding a Franklin Sanitary Sewer Service Area Amendment to be administered by the Southeastern Wisconsin Regional Planning Commission, on Tuesday, May 3, 2011 at 6:30 p.m. at Franklin City Hall, 9229 W. Loomis Road, Franklin, Wisconsin 53132 to gather information and comment upon a subject matter over which the Common Council may take further action. This may constitute a meeting of the Council and Plan Commission per *State ex rel. Badke v. Greendale Village Bd.*; even though the Council will not take formal action at this meeting. The Common Council may take action upon the subject matter at the regularly scheduled Common Council meeting scheduled to be called to order at the same place following the conclusion of the Franklin Sanitary Sewer Service Area Amendment Public Hearing. The Notice of Public Hearing for the Franklin Sanitary Sewer Service Area Amendment previously published is as set forth below.

Dated: April 29, 2011

NOTICE OF PUBLIC HEARING

Franklin Sanitary Sewer Service Area Amendment

A public hearing will be held on Tuesday, May 3, 2011, at 6:30 p.m., or as soon thereafter as the matter may be heard, in the Common Council Chambers at the Franklin City Hall, 9229 West Loomis Road, Franklin, Wisconsin 53132, for the purpose of receiving public comment on, and reaction to, a proposed amendment to the sanitary sewer service area plan for the City of Franklin. This public hearing is being sponsored by the City of Franklin and the Southeastern Wisconsin Regional Planning Commission (SEWRPC).

The proposed sewer service area plan amendment would add the south central and southwestern portions of the City of Franklin to the planned sanitary sewer service area. The inclusion of land in the sewer service area permits, but does not require, sewer service to be provided. Under State Code, sewers may be extended only to areas located within a planned sewer service area.

A draft report describing the proposed sanitary sewer service area, including a map of the area, will be on file at the offices of the City Clerk and SEWRPC by April 13, 2011. A related fact sheet has been posted on the City's website.

Subsequent to the public hearing, the City and SEWRPC will determine whether any changes should be made to the sewer service area plan as presented at the hearing. The City and SEWRPC will then consider formal adoption of the plan report. Following adoption, the plan would be forwarded to the Wisconsin Department of Natural Resources for use by that Department in reviewing and approving sanitary sewer extensions in accordance with the provisions of Chapter 283 of the Wisconsin Statutes.
