INVESTIGATION REGARDING  
NEW BERLIN'S USE OF SPEED  
HUMPS

Informational only.

W. FOREST HILL AVENUE  
TRAFFIC CONCERNS

Motion made by Board Member Bartnicki, seconded by Board Member Porter to recommend to:

1. Relocate the "Slow Children" sign closer to the park and add a corresponding "Slow Children" sign for the eastbound traffic. These signs should be located at the eastern and western property lines of the park, respectively.
2. Ask the police department to add this section of road to the rotation of speed enforcement. Per the resident's testimony, the afternoon hours of 4-6 pm are generally the busiest times with people in a hurry to get home from work. Given the relatively low volumes of traffic and the apparent locality of the drivers, it does not warrant the same frequency of monitoring as arterials, but periodic enforcement would likely have a significant impact.
3. Ask the police department to add this section to the rotating sites for the electronic signs that indicate drivers' speed. Likewise, this site doesn't warrant the same frequency as the arterial streets, but would likely be beneficial to advise the drivers who may not be educated with enforcement efforts.

4. Post no parking for the north side of the road, east of the curb ramp to the Park. There is approximately 80 feet between the 3654 driveway edge and the curb ramp. Given the placement of the fire hydrant which parking is prohibited, Staff recommends that the entire section of curb between the 3654 driveway and the curb ramp be signed and marked as "no parking." This would require a recommendation from the Board of Public Works to the Common Council. Not allowing parking will provide adequate visual sight line between pedestrian /bicycle traffic from the park to passing motorists on W. Forest Hill Avenue. Motion carried.

**AUTHORIZATION TO PURCHASE  
AN ANTI-ICE SPRAY SYSTEM**

Motion made by Alderman Taylor, seconded by Board Member Bartnicki to approve the purchase of a 1,850 gallon Anti-Ice Spray from VariTech. Motion carried.

**SCHEDULE FOR NEXT MEETING**

The next scheduled meeting for the Board of Public Works is July 10, 2018 at 7 p.m.

**ADJOURNMENT**

Motion made by Alderman Taylor, seconded by Board Member Porter to adjourn at 7:20 p.m. Motion carried.

Respectfully submitted,
