RE: Legislation addressing violation of law relating to practice of massage therapy

Dear Mayor Olson,

I wanted to share with you a copy of the legislation that I am co-sponsoring (LRB-0761) regarding violations of the law relating to the practice of massage therapy or bodywork therapy. As you and other mayors - as well as law enforcement officials - have informed me, incidents of illicit activities including prostitution and human trafficking have been reported. It is my hope, along with the authors of this bill, that this legislation will allow for local communities to address this growing problem head on and stop unscrupulous businesses from engaging in unlawful conduct.

If you have any questions or would like additional information or assistance with this or any other matter relating to state government, please feel free to contact me at (608) 266-5400 or email me at Sen.Craig@legis.wis.gov.

Best Wishes,

David Craig
State Senator
28th Senate District

Cc: Honorable Members of the City of Franklin Common Council
Sandra Wesolowski, City Clerk
AN ACT to renumber 460.17; to amend 460.15; and to create 460.14 (4) and
460.17 (2) of the statutes; relating to: violations of the law relating to the
practice of massage therapy or bodywork therapy and providing a penalty.

Analysis by the Legislative Reference Bureau

Under current law, subject to certain exceptions, no person may provide
massage therapy or bodywork therapy, designate himself or herself as a massage
therapist or bodywork therapist or masseur or masseuse, or use or assume any title
or designation that represents the person as a massage therapist or bodywork
therapist unless the person is licensed as a massage therapist or bodywork therapist
by the Massege Therapy and Bodywork Therapy Affiliated Credentialing Board.

This bill does all of the following with respect to the practice of massage therapy
or bodywork therapy:

1. Specifically authorizes a city, village, or town (municipality) to enact and
enforce an ordinance prohibiting a person from violating the prohibitions described
above unless the person is licensed by the board. The bill authorizes municipalities
to impose forfeitures of up to $1,000 for ordinance violations.

2. Allows the board, in addition to or in lieu of professional discipline or certain
other actions that may be taken by the board against a person who violates certain
prohibitions relating to massage therapy or bodywork therapy, to assess a forfeiture
of not more than $1,000 for each separate offense.

3. Adjusts the penalty for violating provisions under state law relating to
massage therapy and bodywork therapy, including practicing without the required
license, to a criminal fine of not more than $1,000 for each violation or imprisonment for not more than 90 days, or both. Under current law, the penalty is a civil forfeiture of up to $1,000.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 460.14 (4) of the statutes is created to read:

460.14 (4) The affiliated credentialing board may, in addition to or in lieu of a reprimand or revocation, limitation, suspension, or denial of a license, assess against a person who has done anything specified under sub. (2) (a) to (j) a forfeiture of not more than $1,000 for each separate offense. Each day of continued violation constitutes a separate offense.

SECTION 2. 460.15 of the statutes is amended to read:

460.15 Penalty. Any person who violates this chapter or any rule promulgated under this chapter shall forfeit may be fined not more than $1,000 for each violation or imprisoned for not more than 90 days, or both.

SECTION 3. 460.17 of the statutes is renumbered 460.17 (1).

SECTION 4. 460.17 (2) of the statutes is created to read:

460.17 (2) (a) A city, village, or town may enact and enforce an ordinance that prohibits an individual from violating the prohibitions under s. 460.02 unless the individual is licensed under this chapter as required under s. 460.02.

(b) Law enforcement personnel of a city, village, or town may issue citations for violations of a local ordinance described in par. (a), and the city, village, or town may
impose forfeitures, not to exceed the amount specified in s. 460.14 (4), for violations of such an ordinance.
For support for Mayoral Announcements

Due to staffing shortages in the Planning Department I'm temporarily removing staff support for non-statutory boards and commissions until we have appropriate staffing in place in the department.

Board or Commission chairmen should be qualified to formulate their agendas. Gail will continue (for those she did) to produce the agenda’s and packets for these boards and commissions until I formulate a different plan.

Commissions affected:

- Parks
- Quarry Monitoring

NOT AFFECTED due to ordinance and statute:

- Plan Commission
- Board of Zoning and Building Appeals

Steve,

It was great meeting with you last week regarding our Pleasant View Estates development. We look forward to continuing on this project.

One of the items discussed at that meeting, was the Outlot that is part of our preliminary plat, that we have received mixed feelings on, whether the City would be interested in pursuing this for future parkland and/or open space.

As you suggested, please accept this letter as notice that we would be willing to sell this Outlot to the city for their usage if they choose. However, we are at that stage that we really need to make a final decision on if the city is interested or not in purchasing this parcel. We have been approached by adjoining homeowners with possible interest to pursue the Outlot, but, would prefer to give the city the first option, again, because they expressed interest early on.

If you could please find some definitive answers from the city, we would appreciate it.

Thank you much.

Sincerely,

Rick Przybyla

At their March 21, 2019 meeting, following a properly noticed public hearing, the Plan Commission recommended approval of an ordinance to amend the Unified Development Ordinance (Zoning Map) to rezone a certain parcel of land from R-3 Suburban/Estate Single-Family Residence District to M-1 Limited Industrial District, such land being located generally on the east side of West Forest Home Avenue, approximately 1,200 feet north of the intersection of West Forest Home Avenue and West Rawson Avenue (south of the existing general warehouse building).

COUNCIL ACTION REQUESTED

A motion to adopt Ordinance 2018-________, an ordinance to amend the Unified Development Ordinance (Zoning Map) to rezone a certain parcel of land from R-3 Suburban/Estate Single-Family Residence District to M-1 Limited Industrial District, such land being located generally on the east side of West Forest Home Avenue, approximately 1,200 feet north of the intersection of West Forest Home Avenue and West Rawson Avenue (south of the existing general warehouse building) (Approximately 4.35 acres) (Ener-Con Companies, Inc., c/o FHCC, LLC, applicant).

Department of City Development: BDK
AN ORDINANCE TO AMEND THE UNIFIED DEVELOPMENT ORDINANCE (ZONING MAP) TO REZONE A CERTAIN PARCEL OF LAND FROM R-3 SUBURBAN/ESTATE SINGLE-FAMILY RESIDENCE DISTRICT TO M-1 LIMITED INDUSTRIAL DISTRICT (GENERALLY LOCATED ON THE EAST SIDE OF WEST FOREST HOME AVENUE, APPROXIMATELY 1,200 FEET NORTH OF THE INTERSECTION OF WEST FOREST HOME AVENUE AND WEST RAWSON AVENUE (SOUTH OF THE EXISTING GENERAL WAREHOUSE BUILDING)) (APPROXIMATELY 4.35 ACRES) (ENER-CON COMPANIES INC., C/O FHCC, LLC, APPLICANT)

WHEREAS, Ener-Con Companies Inc., c/o FHCC, LLC having petitioned for the rezoning of a certain parcel of land from R-3 Suburban/estate Single-Family Residence District to M-1 Limited Industrial District, such land being located generally on the east side of West Forest Home Avenue, approximately 1,200 feet north of the intersection of West Forest Home Avenue and West Rawson Avenue (south of the existing general warehouse building); and

WHEREAS, a public hearing was held before the City of Franklin Plan Commission on the 21st day of March, 2019, upon the aforesaid petition and the Plan Commission thereafter having determined that the proposed rezoning would promote the health, safety and welfare of the City and having recommended approval thereof to the Common Council; and

WHEREAS, the Common Council having considered the petition and having concurred with the recommendation of the Plan Commission and having determined that the proposed rezoning is consistent with the 2025 Comprehensive Master Plan of the City of Franklin, Wisconsin and would promote the health, safety and welfare of the Community.

NOW, THEREFORE, the Mayor and Common Council of the City of Franklin, Wisconsin, do ordain as follows:

SECTION 1: §15-3.0102 (Zoning Map) of the Unified Development Ordinance of the City of Franklin, Wisconsin, is hereby amended to provide that the zoning district designation for the property described below be changed from R-3 Suburban/Estates Single-Family Residence District to M-1 Limited Industrial District:

REPORT TO THE PLAN COMMISSION
Meeting of March 21, 2019

Site Plan Amendment, Rezoning and Land Combination

RECOMMENDATION: City Development staff recommends approval of the Site Plan Amendment, Rezoning and Land Combination for Industrial and Warehouse use upon property located at 11301 West Forest Home Avenue, subject to the conditions of approval in the attached draft resolution.

Project Name: FHCC, LLC aka Repacorp, Inc. Site Plan Amendment, Rezoning and Land Combination

Project Address: 11301 West Forest Home Avenue

Applicants: FHCC, LLC, Michael Dilworth and Ener-Con Companies Inc.

Owner (property): FHCC, LLC

Current Zoning: M-1 Limited Industrial District and R-3 Suburban/Estate Single-Family Residence District

2025 Comprehensive Master Plan: Industrial and Areas of Natural Resource Features

Use of Surrounding Properties: Industrial use to the north, industrial and vacant to the south, residential to the east, and commercial to the west.

Applicant Action Requested: Recommendation of approval for the proposed Site Plan Amendment, Rezoning and Land Combination.

INTRODUCTION:
On January 11, 2019, FHCC, LLC submitted a Site Plan Amendment application requesting approval for removing two smaller existing buildings on the northeastern portion of the subject property, and to expand the existing building on the northern portion of the subject property.

The proposed building expansion is approximately 40,120 square feet and will be located on the east side of the existing building. Other proposed site changes include parking lot changes on the south side of the proposed building addition, an access drive along the northeast corner of the subject property, loading docks on the north side of the building addition, and a driveway connection to S. 112th St.

On February 5, 2019, the applicant filed a Rezoning Application requesting to rezone the R-3 zoned portion of property located at 11301 West Forest Home Avenue to M-1, Limited Industrial District. A subsequent application was filed for a Land Combination on February 5, 2019, to combine three separate parcels under common ownership into one property.

In 1998, the Common Council reviewed and approved a certified survey map with Resolution Number 98-4777, which established conditions of approval. Those conditions of approval included coming forth with a rezoning request and a land combination permit regarding the
property described south of 11301 West Forest Home Avenue, and having Tax Key No. 748-9997-008, a 4.35 acre property, to be rezoned from R-3 to M-1. In addition, said resolution required the aforementioned property to be combined with a Land Combination Permit with the property to the north and the request contains Tax Key Nos. 748-9994-003 and 748-0067-000, which are the two northernmost properties under common ownership. Each request analysis is outlined below.

SITE PLAN AMENDMENT PROJECT DESCRIPTION AND ANALYSIS:

The proposed building removals and proposed building expansion and parking surface area amendments results in Site Intensity calculations that are meeting City Code guidelines, per UDO Table 15-3.0505. The overall property area is 17.57 acres. They are proposing overall gross floor area, or area under roof, to be 5.06 acres, which is below the requirement of 7.38 acres permitted for the site. They are proposing overall landscape surface ratio of 0.51, which is exceeding the minimum for this lot, set at 0.40.

Natural Resource Protection Plan:

A Natural Resource Protection Plan (NRPP) was prepared for the property by Tina Myers, of raSmith consultants, of Brookfield, Wisconsin, dated January 11, 2019. Tina Meyers conducted a wetland delineation for the property on December 21, 2018. A full and complete wetland delineation report is on file with the Department of City Development. This report identifies four (4) wetlands totaling 4.02 acres. Three of these wetland pocket areas are smaller and identified on the site plan to be filled in, and are located north of and underneath the proposed building expansion site. The fourth wetland, totaling 3.94 acres, is located south of the existing structure and contains a 0.75-acre pond, which is visible in aerial photos. This larger wetland is proposed to remain undisturbed with the proposed building expansion and parking lot amendments.

The Wisconsin DNR established in a letter dated March 4, 2019 to FHCC, LLC, that the wetlands identified and described in the report completed by Tina Myers (above), are exempt from state wetland regulations.

With regards to the United States Army Corps of Engineers (USACE) wetland jurisdiction determinations, raSmith advised Staff on March 11, 2018, in a letter addressing site plan staff comments, that raSmith is working with USACE staff on a determination.

Because receipt of USACE is still on-going at the time of writing this report, staff will place a condition of approval of this site plan amendment that the owner of the property obtain a letter from the USACE establishing no wetland jurisdiction prior to any land disturbance on the property. If the USACE does claim jurisdiction of any of these wetlands, a Natural Resource Special Exception will be required prior to issuance of any Building Permits.

Parking:

Table 15-5.0203 of the City of Franklin Unified Development Ordinance defines requirements for off-street parking. The applicants supplied staff with parking information and calculations
that cover the land uses for warehouse and light industrial uses. With these numbers, they are accounting for 164 parking spaces. This meets the UDO requirements. Staff has a concern over existing uses on the property concurrently with the expanded facility. Staff understands other uses are in existence for the property, and the applicants will be expected to propose those to the City Development staff for recalculating of parking spaces.

The parking lot surface area and striping are in poor condition. Per the site plan, the applicant is proposing to fix these items upon completion of the project. *Staff will place a condition of approval of this site plan amendment that the owner of the property submitting to staff a detailed parking analysis for review prior to issuance of a building permit and that they will fix the parking lot surface condition and restrripe the stalls prior to building expansion occupancy.*

**Lighting:**

Table 15-5.0401 of the city of Franklin UDO defines requirements for illumination maximums, measured at property lines. The applicants supplied staff with lighting information that show that the lighting will meet and exceed the UDO requirements, to account for residential uses to the east. The light fixtures proposed will meet UDO requirements, per the lighting plan, dated March 7, 2019 from KW Electric, Inc.

**Landscaping:**

The applicant is proposing landscaping in accordance with UDO Section 15-5.0302. As mentioned previously, the landscape surface ratio is met with this proposal.

With regards to plantings and the adjacent residential usage to the east, the supplied plans reflect this and are meeting the UDO requirements with the planting schedule and the provision for a six foot tall fence, as required by the UDO.

**Snow Storage:**

The applicants have supplied snow storage information, per UDO Section 15-5.0210 which meet the UDO requirements.

**Fire Protection:**

Per direction from comments from the City of Franklin Fire Department, current fire code standards will be observed for the structure involved in the expansion to meet City Fire Code provisions. One additional hydrant is proposed south of the proposed building expansion and the applicants noted they are able to add additional hydrants as deemed required by the City Fire Department.

**REZONING ANALYSIS:**

Staff has reviewed the rezoning application and has received all of the necessary items to process the request.

The rezoning request will serve to provide for M-1 zoning district designation for all of the subject properties.

**LAND COMBINATION ANALYSIS:**
Three separate properties are being requested to be combined with this application to form one lot. The three properties are generally referred to as Tax Key Nos. 748-9997-008, 748-9994-003 and 748-0067-000, and would result in one property totaling 17.57 acres comprise land owned by FHCC, LLC, which has multiple structures on the properties.

A desire to demolish two structures and expand a current structure is being reviewed by the Plan Commission and is currently under consideration.

The resulting land combination of the three properties into one would result in one continuous parcel, which would have access onto both West Forest Home Avenue and South 112th Street.

**STAFF RECOMMENDATION:**

City Development staff recommends approval of the Site Plan Amendment, the rezoning, and the Land Combination, subject to the conditions of approval in the attached draft resolutions and draft ordinance.

FHCC Project Summary – Rezoning

As part of a City Council resolution 98-4777 from a previous expansion project, Outlot 2 of CSM 6596 was to be rezoned from R-3 to M-1. As this process was never complete, we are applying for the rezone as part of this project. The current use is natural area for existing stormwater management. Most of this lot is unbuildable owland. The City Resolution calls for this parcel to be M-1 which is inconsistent with the 2025 Comprehensive Plan. We are willing to rezone to either M-1 or Natural Resource Land depending on what Cty will require to comply with the resolution.

Overview

Repacorp Inc. has been a key tenant of the ownership group located at the above referenced tax key in Franklin, WI since 2001. Since the lease commencement, they have expanded twice to utilize more square footage on the property and now have a need for even more. In order to avoid the tenant vacating the property and relocating outside the City of Franklin, due to a lack of space now required. FHCC, LLC proposes to demolish two existing buildings and expand Repacorp Inc.’s existing warehouse with a new addition to accommodate their growing business. As determined by assured wetland delineator, Tina Myers of raSmith, there are three small wetland pockets near the expansion location. Additionally, there is a wetland finger that runs along the eastern edge of the parcel. These wetlands will need to be disturbed as part of the construction process. We believe these wetlands were created as a result of the warehouse project constructed in 1998. As such, we are applying for an artificial wetland exemption from the DNR and Army Corps of Engineers. If the exemption is not granted, a wetland fill permit will be required and we will modify the NRPP as necessary.

A land combination will be necessary to allow the proposed drive to cross parcels to the 112th cul-de-sac. The three parcels to be included in the land combination are tax key numbers 748-9997-008, 748-9994-003, and 748-0067-000.

In order to finance the project, we will prepare a 2-3 unit condominium plat as part of a separate future submittal.

Additionally, as part of a City Council resolution from the 1998 project, Outlot 2 of CSM 6596 was to be rezoned from R-3 to M-1. As this process was never complete, we will apply for the rezone as part of this project.

Existing Zoning

M1-Industrial Use

Proposed Building

Warehouse Expansion
Building: 38,114 SF
Dimensions: 323’ x 118’

The building is designed to add additional warehouse space, additional dock doors, and efficient trucking routes entering and exiting the premises. This will succeed in providing an increase in production for Repacorp Inc. & the other existing tenants.

Current Land Use

Forest Home Corporate Center is comprised of two industrial buildings and contains two smaller buildings currently used for storage. The two smaller buildings would be demolished to allow for this expansion.
Operational Plan
The additional warehouse will allow the long-term tenants to remain in the same building which they have had occupancy for almost twenty years and continue to effectively run their ever-growing business in the City of Franklin.

Material Safety Data Sheets (MSDS)
There will not be any hazardous materials that would exceed the Maximum Allowable Quantity (MAQ) of the International Fire Code (IFC).

Building Materials
See attached elevations. The new construction will be of a metal construct to match the existing Repacorp building.

Positive Impact of the Expansion
Currently Repacorp’s Franklin site employs over fifty-five individuals. As their production increases due to the expansion, they will have the capacity to add at least twenty more individuals at that site. A growing business within the city is key for development.

With the expansion, there will be a more cohesive and effective truck route in and out of the parcel for both the tenants at the 11305 and the 11311 building to share that will benefit all the existing and future warehouse users.

Thank you,
Ener-Con Companies

Meeting of March 21, 2019

Site Plan Amendment, Rezoning and Land Combination

RECOMMENDATION: City Development staff recommends approval of the Site Plan Amendment, Rezoning and Land Combination for Industrial and Warehouse use upon property located at 11301 West Forest Home Avenue, subject to the conditions of approval in the attached draft resolution.

Project Name: FHCC, LLC aka Repacorp, Inc. Site Plan Amendment, Rezoning and Land Combination

Project Address: 11301 West Forest Home Avenue

Applicants: FHCC, LLC, Michael Dilworth and Ener-Con Companies Inc.

Owner (property): FHCC, LLC

Current Zoning: M-1 Limited Industrial District and R-3 Suburban/Estate Single-Family Residence District

2025 Comprehensive Master Plan Industrial and Areas of Natural Resource Features

Use of Surrounding Properties: Industrial uses to the north, industrial and vacant to the south, residential to the east, and commercial to the west.

Applicant Action Requested: Recommendation of approval for the proposed Site Plan Amendment, Rezoning and Land Combination.

INTRODUCTION:

On January 11, 2019, FHCC, LLC submitted a Site Plan Amendment application requesting approval for removing two smaller existing buildings on the northeastern portion of the subject property, and to expand the existing building on the northern portion of the subject property.

The proposed building expansion is approximately 40,120 square feet and will be located on the east side of the existing building. Other proposed site changes include parking lot changes on the south side of the proposed building addition, an access drive along the northeast corner of the subject property, loading docks on the north side of the building addition, and a driveway connection to S. 112th St.

On February 5, 2019, the applicant filed a Rezoning Application requesting to rezone the R-3 zoned portion of property located at 11301 West Forest Home Avenue to M-1, Limited Industrial District. A subsequent application was filed for a Land Commination on February 5, 2019, to combine three separate parcels under common ownership into one property.

In 1998, the Common Council reviewed and approved a certified survey map with Resolution Number 98-4777, which established conditions of approval. Those conditions of approval included coming forth with a rezoning request and a land combination permit regarding the
property described south of 11301 West Forest Home Avenue, and having Tax Key No. 748-9997-008, a 4.35 acre property, to be rezoned from R-3 to M-1. In addition, said resolution required the aforementioned property to be combined with a Land Combination Permit with the property to the north and the request contains Tax Key Nos. 748-9994-003 and 748-0067-000, which are the two northernmost properties under common ownership. Each request analysis is outlined below.

**SITE PLAN AMENDMENT PROJECT DESCRIPTION AND ANALYSIS:**

The proposed building removals and proposed building expansion and parking surface area amendments results in Site Intensity calculations that are meeting City Code guidelines, per UDO Table 15-3.0505. The overall property area is 17.57 acres. They are proposing overall gross floor area, or area under roof, to be 5.06 acres, which is below the requirement of 7.38 acres permitted for the site. They are proposing overall landscape surface ratio of 0.51, which is exceeding the minimum for this lot, set at 0.40.

Natural Resource Protection Plan:

A Natural Resource Protection Plan (NRPP) was prepared for the property by Tina Myers, of raSmith consultants, of Brookfield, Wisconsin, dated January 11, 2019. Tina Meyers conducted a wetland delineation for the property on December 21, 2018. A full and complete wetland delineation report is on file with the Department of City Development. This report identifies four (4) wetlands totaling 4.02 acres. Three of these wetland pocket areas are smaller and identified on the site plan to be filled in, and are located north of and underneath the proposed building expansion site. The fourth wetland, totaling 3.94 acres, is located south of the existing structure and contains a 0.75-acre pond, which is visible in aerial photos. This larger wetland is proposed to remain undisturbed with the proposed building expansion and parking lot amendments.

The Wisconsin DNR established in a letter dated March 4, 2019 to FHCC, LLC, that the wetlands identified and described in the report completed by Tina Myers (above), are exempt from state wetland regulations.

With regards to the United States Army Corps of Engineers (USACE) wetland jurisdiction determinations, raSmith advised Staff on March 11, 2018, in a letter addressing site plan staff comments, that raSmith is working with USACE staff on a determination.

Because receipt of USACE is still on-going at the time of writing this report, staff will place a condition of approval of this site plan amendment that the owner of the property obtain a letter from the USACE establishing no wetland jurisdiction prior to any land disturbance on the property. If the USACE does claim jurisdiction of any of these wetlands, a Natural Resource Special Exception will be required prior to issuance of any Building Permits.

Parking:

Table 15-5.0203 of the City of Franklin Unified Development Ordinance defines requirements for off-street parking. The applicants supplied staff with parking information and calculations
that cover the land uses for warehouse and light industrial uses. With these numbers, they are accounting for 164 parking spaces. This meets the UDO requirements. Staff has a concern over existing uses on the property concurrently with the expanded facility. Staff understands other uses are in existence for the property, and the applicants will be expected to propose those to the City Development staff for recalculating of parking spaces.

The parking lot surface area and striping are in poor condition. Per the site plan, the applicant is proposing to fix these items upon completion of the project. **Staff will place a condition of approval of this site plan amendment that the owner of the property submitting to staff a detailed parking analysis for review prior to issuance of a building permit and that they will fix the parking lot surface condition and restripe the stalls prior to building expansion occupancy.**

**Lighting:**

Table 15-5.0401 of the city of Franklin UDO defines requirements for illumination maximums, measured at property lines. The applicants supplied staff with lighting information that show that the lighting will meet and exceed the UDO requirements, to account for residential uses to the east. The light fixtures proposed will meet UDO requirements, per the lighting plan, dated March 7, 2019 from KW Electric, Inc.

**Landscaping:**

The applicant is proposing landscaping in accordance with UDO Section 15-5.0302. As mentioned previously, the landscape surface ratio is met with this proposal.

With regards to plantings and the adjacent residential usage to the east, the supplied plans reflect this and are meeting the UDO requirements with the planting schedule and the provision for a six foot tall fence, as required by the UDO.

**Snow Storage:**

The applicants have supplied snow storage information, per UDO Section 15-5.0210 which meet the UDO requirements.

**Fire Protection:**

Per direction from comments from the City of Franklin Fire Department, current fire code standards will be observed for the structure involved in the expansion to meet City Fire Code provisions. One additional hydrant is proposed south of the proposed building expansion and the applicants noted they are able to add additional hydrants as deemed required by the City Fire Department.

**REZONING ANALYSIS:**

Staff has reviewed the rezoning application and has received all of the necessary items to process the request.

The rezoning request will serve to provide for M-1 zoning district designation for all of the subject properties.

**LAND COMBINATION ANALYSIS:**
Three separate properties are being requested to be combined with this application to form one lot. The three properties are generally referred to as Tax Key Nos. 748-9997-008, 748-9994-003 and 748-0067-000, and would result in one property totaling 17.57 acres comprise land owned by FHCC, LLC, which has multiple structures on the properties.

A desire to demolish two structures and expand a current structure is being reviewed by the Plan Commission and is currently under consideration.

The resulting land combination of the three properties into one would result in one continuous parcel, which would have access onto both West Forest Home Avenue and South 112th Street.

**STAFF RECOMMENDATION:**
City Development staff recommends approval of the Site Plan Amendment, the rezoning, and the Land Combination, subject to the conditions of approval in the attached draft resolutions and draft ordinance.
This map shows the approximate relative location of property boundaries but was not prepared by a professional land surveyor. This map is provided for informational purposes only and may not be sufficient or appropriate for legal, engineering, or surveying purposes.

Overview

Repacorp Inc. has been a key tenant of the ownership group located at the above referenced tax key in Franklin, WI since 2001. Since the lease commencement, they have expanded twice to utilize more square footage on the property and now have a need for even more. In order to avoid the tenant evacuating the property and relocating outside the City of Franklin, due to a lack of space now required. FHCC, LLC proposes to demolish two existing buildings and expand Repacorp Inc.'s existing warehouse with a new addition to accommodate their growing business. As determined by assured wetland delineator, Tina Myers of raSmith, there are three small wetland pockets near the expansion location. Additionally, there is a wetland finger that runs along the eastern edge of the parcel. These wetlands will need to be disturbed as part of the construction process. We believe these wetlands were created as a result of the warehouse project constructed in 1998. As such, we are applying for an artificial wetland exemption from the DNR and Army Corps of Engineers. If the exemption is not granted, a wetland fill permit will be required and we will modify the NRPP as necessary.

A land combination will be necessary to allow the proposed drive to cross parcels to the 112th cul-de-sac. The three parcels to be included in the land combination are tax key numbers 748-9997-008, 748-9994-003, and 748-0067-000. In order to finance the project, we will prepare a 2-3 unit condominium plat as part of a separate future submittal.

Additionally, as part of a City Council resolution from the 1998 project, Outlot 2 of CSM 6596 was to be rezoned from R-3 to M-1. As this process was never complete, we will apply for the rezone as part of this project.

Existing Zoning

M1-Industrial Use

Proposed Building

Warehouse Expansion
Building: 38,114 SF
Dimensions: 323' x 118'

The building is designed to add additional warehouse space, additional dock doors, and efficient trucking routes entering and exiting the premises. This will succeed in providing an increase in production for Repacorp Inc. & the other existing tenants.

Current Land Use

Forest Home Corporate Center is comprised of two industrial buildings and contains two smaller buildings currently used for storage. The two smaller buildings would be demolished to allow for this expansion.
**Operational Plan**
The additional warehouse will allow the long-term tenants to remain in the same building which they have had occupancy for almost twenty years and continue to effectively run their ever-growing business in the City of Franklin.

**Material Safety Data Sheets (MSDS)**
There will not be any hazardous materials that would exceed the Maximum Allowable Quantity (MAQ) of the International Fire Code (IFC).

**Building Materials**
See attached elevations. The new construction will be of a metal construct to match the existing Repacorp building.

**Positive Impact of the Expansion**
Currently Repacorp’s Franklin site employs over fifty-five individuals. As their production increases due to the expansion, they will have the capacity to add at least twenty more individuals at that site. A growing business within the city is key for development.

With the expansion, there will be a more cohesive and effective truck route in and out of the parcel for both the tenants at the 11305 and the 11311 building to share that will benefit all the existing and future warehouse users.

Thank you,
Ener-Con Companies

CONSERVATION EASEMENT

The Cortez Townhome

This Conservation easement is made by and between the CITY OF FRANKLIN, a municipal corporation of the State of Wisconsin, hereinafter referred to as "Grantor," and Nisenbaum Homes and Realty, Inc., a Wisconsin Corporation, hereinafter referred to as "Grantee," and shall become effective upon the recording of this Grant of Conservation Easement, together with the Acceptance following, with the Office of the Register of Deeds for Milwaukee County, pursuant to §700.40(2)(b) of the Wisconsin Statutes.

WITNESSETH

WHEREAS, Grantor is the owner in fee simple of certain real property, described in Exhibit A attached hereto and hereby made a part hereof (protected property); and

WHEREAS, the Grantor desires and intends that the natural elements and the ecological and aesthetic values of the protected property including, without limitation, mature woodlands, and refer to Natural Resource Investigation by NRPP by NRPP Consultant, Alison Kuhne, of Graef Engineering, dated January 4, 2019, which is located in the office of the Department of City Development, be preserved and maintained by the continuation of land use that will not interfere with or substantially disrupt the natural elements or the workings of natural systems; and

WHEREAS, Grantee is a "holder", as contemplated by §700.40(1)(b)1. of the Wisconsin Statutes, whose purposes include, while exercising regulatory authority granted to it, inter alia, under §62.23 and §236.43 of the Wisconsin Statutes, the conservation of land, natural areas, open space, and water areas; and

WHEREAS, the Grantor and Grantee, by the conveyance to the Grantee of the conservation easement on, over, and across the protected property, desire to conserve the natural values thereof and prevent the use or development of the protected property for any purpose or in any manner inconsistent with the terms of this conservation easement; and

WHEREAS, the Grantee is willing to accept this conservation easement subject to the reservations and to the covenants, terms, conditions, and restrictions set out herein and imposed hereby;
NOW, THEREFORE, the Grantor, for and in consideration of the foregoing recitations and of the mutual covenants, terms, conditions, and restrictions subsequently contained, and as an absolute and unconditional dedication, does hereby grant and convey unto the Grantee a conservation easement in perpetuity on, over, and across the protected property.

Grantee's rights hereunder shall consist solely of the following:
1. To view the protected property in its natural, scenic, and open condition;
2. To enforce by proceeding at law or in equity the covenants subsequently set forth, including, and in addition to all other enforcement proceedings, proceedings to obtain all penalties and remedies set forth under Division 15-9.0500 of the Unified Development Ordinance of the City of Franklin, as amended from time to time, any violation of the covenants subsequently set forth being and constituting a violation of such Unified Development Ordinance, as amended from time to time, or such local applicable ordinance as may be later adopted or in effect to enforce such covenants or the purposes for which they are made, it being agreed that there shall be no waiver or forfeiture of the Grantee's right to insure compliance with the covenants and conditions of this grant by reason of any prior failure to act; and
3. To enter the protected property at all reasonable times for the purpose of inspecting the protected property to determine if the Grantor is complying with the covenants and conditions of this grant.
And in furtherance of the foregoing affirmative rights of the Grantee, the Grantor makes the following covenants which shall run with and bind the protected property in perpetuity, namely, that, on, over, or across the protected property, the Grantor, without the prior consent of the Grantee, shall not:

1. Construct or place buildings or any structure;
2. Construct or make any improvements, unless, notwithstanding Covenant 1 above, the improvement is specifically and previously approved by the Common Council of the City of Franklin, upon the advice of such other persons, entities, and agencies as it may elect; such improvements as may be so approved being intended to enhance the resource value of the protected property to the environment or the public and including, but not limited to animal and bird feeding stations, park benches, the removal of animal blockage of natural drainage or other occurring blockage of natural drainage, and the like;
3. Excavate, dredge, grade, mine, drill, or change the topography of the land or its natural condition in any manner, including any cutting or removal of vegetation, except for the removal of dead or diseased trees;
4. Conduct any filling, dumping, or depositing of any material whatsoever, including, but not limited to soil, yard waste, or other landscape materials, ashes, garbage, or debris;
5. Plant any vegetation not native to the protected property or not typical wetland vegetation;
6. Operate snowmobiles, dune buggies, motorcycles, all-terrain vehicles or any other types of motorized vehicles.

To have and to hold this conservation easement unto the Grantee forever. Except as expressly limited herein, the Grantor reserves all rights as owner of the protected property, including, but not limited to, the right to use the protected property for all purposes not inconsistent with this grant. Grantor shall be responsible for the payment of all general property taxes levied, assessed, or accruing against the protected property pursuant to law.

The covenants, terms, conditions, and restrictions set forth in this grant shall be binding upon the Grantor and the Grantee and their respective agents, personal representatives, heirs, successors, and assigns, and shall constitute servitudes running with the protected property in perpetuity. This grant may not be amended, except by a writing executed and delivered by Grantor and Grantee or their respective personal representatives, heirs, successors, and assigns. LEGAL DESCRIPTION:
That part of the Southwest 1/4 of Section 5, in Township 5 North, Range 21 East, bounded and described as follows:

Commencing at a point of intersection of the East right-of-way line of South Lovers Lane Road with the North right-of-way line of West Cortez Circle, and the point of beginning of the lands to be described; thence Northwesterly 15.95 feet along the arc of a curve, whose center lies to the Southwest, whose radius is 2361.33 feet and whose chord bears N 11°24'23" W, 15.95 feet; thence N 00°24'00" W, 64.27 feet; thence N 88°21'56" E, 115.04 feet; thence S 03°56'38" W, 9.23 feet; thence S 48°46'14" W, 27.93 feet; thence S 58°14'02" W, 105.56 feet to the point of beginning. Said land containing 5,427 square feet.
Background
The Director of Finance & Treasurer’s report on TID #4 for calendar 2018 is attached. The Common Council has retained control of this TID.

The District has sufficient resources to complete projects in process (a 2018 engineering study for infrastructure planning). The project expenditure period expires under state law in June, 2020. Increment collection could continue until 2025 to provide resources for project costs should that time be needed.

The option of adopting a resolution to close TID #4 and gain tax relief for the 2019 budget year expires April 15, 2019. The WI Department of Revenue must be notified of the Council’s intent with a Resolution directing the closure of the TID by April 15, 2019.

Analysis
The Finance Committee reviewed the report at its March 27, 2019 meeting and recommends the Common Council take no action at this time.

Options
The Council has the option of taking no action, leaving the TID to continue and providing maximum flexibility to respond to opportunities presenting themselves.

Or

The Council may wish to consider the attached DRAFT Resolution to terminate collection of increment with the January 1, 2018 equated values and directing staff to negotiate closure report filing dates with the Department of Revenue.

The Department of Revenue typically accepts the Resolution to terminate increment collection as an election to close the District and require a final District audit within 12 months.

However, State Statute 66.1105 (8) (c) states:
- After a city transmits to the department of revenue the notice required under par. (a), the city and the department shall agree on a date [emphasis added] by which the city shall send to the department, on a form prescribed by the department, all of the following information that relates to the terminated tax incremental district:

Adopting a Resolution that terminated collection of increment conditioned upon additional time for project costs would release the $46 million in equated value in the District to the various taxing authorities, providing 2020 tax relief to Franklin taxpayers, but preserving the ability to use the remaining resources on project costs as directed at the March 19, 2019 Common Council meeting.
Recommendation

The Finance Committee considered these options and recommends the Common Council take no action related to Tax Increment District 4 at this time. This would result in no change to the status of TID4.

Fiscal Impact

Taking no action would retain the District’s collection of increment for another year.

Adopting the proposed resolution would release $46 million in the District equated value and provide tax relief to Franklin taxpayers in 2020.

The Director of Finance & Treasurer will be available to answer any questions.

COUNCIL ACTION REQUESTED

No action is requested.

MEMORANDUM

DATE: Jan 3, 2019
TO: Common Council & Community Development Authority
FROM: Paul Rotzenberg, Director of Finance & Treasurer
RE: Report and analysis of TID #4 Cash Flow Projections - Preliminary

Attached is a projection of tax increment revenue, expenditures, debt service payments and the net asset position for TID #4 based upon equalized values released by the Department of Revenue on August, 2018 and the taxes levied in December 2018. This Mixed Use District was formed in June, 2005 and is located in the far southeast corner of the City, from a point one half mile north of Oakwood Rd south to County Line Road, from 27th Street west to 42nd Street. The District has a maximum life of 20 years, with the latest project expenditures can be made is June, 2020. The last year of increment would be 2026, if needed.

Observations:

1. All Phase 1 projects have been completed. The completed costs were in line with the revised estimate for these projects and proceeds have been borrowed and repaid to fund the project costs.

2. The projection includes the potential costs of the Project Plan Phase 2 and Phase 3 projects. The estimated costs of the 27th Street reconstruction in this TIF District are not included as the current timing (to be determined) would occur after the limit for incurring project costs (2020).

3. The development assumptions (updated) are a major factor in the projected cash flow of the TIF District. The economic slowdown had resulted in delaying the projected years in which the various known projects were estimated to be constructed compared to earlier projections. Future economic activity will determine the actual years of development and any variance from the projections will impact the projection either positively or negatively.

4. 2018 had a $1,162,200 decrement. The principal cause of the decrement was a change in State law that exempted a class of personal property. Approximately $1 million of the decrement came from one tax payer. The total increment in this District is now $46,431,200. This represents 26% of the projected development when the District was formed. Most of the increment has come from the Wheaton Franciscan (kna Ascension) complex and the residential development on the west side of the District.
a. The District is expected to receive $4,800 in new state aids to compensate for the lost personal property value.

5. In 2014, Wisconsin Act 145 changed the funding for Technical Colleges. MATC reduced their levy by 36% as a result, and the tax rate for this District declined by $1.35 or 5.5%. Act 254 provides relief for those TID’s which were adversely impacted by Act 145 by extending the life of the TID by an additional three years. This District would not qualify to use that extension provision.

6. The District has two additional project phases authorized. The Common Council authorized in June 2018 an Engineering project to design infrastructure improvements that would form the initial infrastructure for a business park south of W Oakwood Rd. By Dec 2018, only a small portion of that design work was complete.

7. The City has investigated additional infrastructure costs involving water and sanitary sewer lines. The Sanitary Sewer infrastructure may serve additional areas outside the City and then become eligible for assistance from MMSD. The other jurisdictions have not committed to participate in the project. The current assumptions include no expected participation by MMSD.

8. The projection includes infrastructure project costs beginning in 2019. Should those projects be approved, the District is projected to close in 2025.

9. The District has a $3.2 million fund balance at December 31, 2018. There are encumbrances totaling $1,012,514. 2019 will add $1.1 million to the fund balance less any project costs approved. The District could close at this time. Notice of closure is due to the WI Department of Revenue by April 15, 2019 via a Resolution. State law permits half the equalized value of a closing TID for tax relief upon closure, (currently $23,200,000 or 0.57% of the 2018 equalized Franklin tax base). There are no known projects that will modify that development picture. A new TID could be created once additional development proposals come forward.

The analysis is qualified to the following extent:

1. The stated assumptions determine the results of the projection.

2. The tax rate assumption is based on the actual equalized tax rate in effect in December 2018 less an assumed decline in tax rates of 1.0% per year. If the tax rate varies from the assumption it could have either a positive or negative impact on these projections.

WHEREAS, the City of Franklin passed a creation resolution creating Tax Incremental District No. 4 and adopted a Project Plan both on June 21, 2005; and

WHEREAS, TIF District No. 4 phase I project was completed; and

WHEREAS, sufficient increment was collected as of the 2018 tax roll, payable in 2019, to cover TIF District No. 4 project costs; and

WHEREAS, the TID 4 expenditure period expires on June 21, 2020; and

WHEREAS, the City continues to explore project costs associated with the intended projects of TID 4; and

WHEREAS, State Statute 66.1105 (8) (c) requires the city and the Department of Revenue to agree on a date by which the city shall send to the department the final accounting.

NOW BE IT THEREFORE RESOLVED, that the City of Franklin concludes collection of Increment in Tax Increment District #4 with the January 1, 2018 tax roll conditioned upon the Department of Revenue agreeing to accept a final accounting no later than December 31, 2020.

BE IT FURTHER RESOLVED, that the City Clerk of the City of Franklin notify the Wisconsin Department of Revenue prior to the April 15, 2019 deadline that the district will cease collecting tax increment with the January 1, 2018 tax roll.

For a substantial number of years Planning Staff, under direction of the former mayor, the planning staff dramatically increased the length of staff reports on development proposals presented to the Plan Commission, Board of Zoning and Building Appeals and the Common Council. Items as “simple” as a certified survey map commonly contain a staff report of several pages.

Due to current workload and substantial staffing challenges, the mayor and planning staff request the Common Council accept a change in the current practice of lengthy staff reports and that the practice revert back to brief descriptions of the project, requirements, issues and staff recommendation.

Historically, staff reports were very brief but supporting information was (and is) available in the project file in the Planning Department. Commissioners and aldermen and other staff needing additional information than provided in the staff report would either go to the planning department and look at the file or request the information be sent to them.

Current workload demands that operational changes be made within the department. Reducing the scope of staff reports will not only allow more work to be done but will potentially speed up the development process.

COUNCIL ACTION REQUESTED

Motion to authorize the planning staff to reduce the amount of background and “extra” information contained in staff reports while maintaining that background and extra information in the project files.
The City of Franklin is experiencing a surge in development activity which is not expected to lighten up in the near term. The proposals being considered by the Planning Department and trying to be accommodated by considerations within various TIDs are applying significant workloads within Planning. At the same time, Inspection Services is feeling the same pressure which will continue for many months beyond each project approval, given the length of the Building construction process. Both departments are under significant pressure to turn around reviews and inspections quickly to support our business environment. At the same time staffing levels remain limited, while newer staff continue on their learning curve which naturally limits efficiency and productivity in the shorter term.

These departments, however, generated significantly extra revenue in 2018 than budgeted. Neither department exceeded their expenditure appropriations for 2018, but the draft Annual Financial Report indicates the following pertaining to revenue:

<table>
<thead>
<tr>
<th>Department</th>
<th>Budgeted Revenue</th>
<th>Actual Revenue</th>
<th>Net Revenue</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning</td>
<td>$53,500</td>
<td>$101,964</td>
<td>$48,464</td>
</tr>
<tr>
<td>Inspection Services</td>
<td>$830,000</td>
<td>$908,362</td>
<td>$78,362</td>
</tr>
</tbody>
</table>

Additionally, it is important to recognize that the draft Annual Financial Report indicates a surplus in the General Fund for 2018 that exceeds $700,000. Mayor and Staff, therefore, recommend that these net revenues from the departments for 2018 be reprogrammed and appropriated from the General Fund fund balance to ensure additional support services for the Departments. 2018 will still result in added General Fund surplus of over $600,000.

Building Inspection: Building Inspection would hire limited-term temporary employees for the Director of Inspection Services to use and assign as needed. Essentially this means that the City would bring on to the payroll various, appropriately-licensed, commonly-retired individuals to supplement our response. The Director has access to individuals willing to do the work on such a part-time, on-call basis. This will give great flexibility to address peak demands and short-term absences (vacations and training). The City has historically used (and is currently using) such individuals on a very limited, informal contract basis, but it will be better to bring them on as employees. As employees, any workers compensation and liability issues are more clearly addressed. Since these individuals will typically be highly experienced individuals who may expect to be paid at or near the top of the range for such on call services, included in this recommended plan is the Common Council’s authorization for the Mayor and Director of Administration to approve hourly rates that exceed the market rate (meaning within the top 35% of the approved pay range) for these individuals, where appropriate. Additionally, if approved as presented the Common Council should anticipate that the Director of Inspection Services, subject to oversight by the Director of Administration, may approve certain travel time, such as reporting to work or a work site, as hours of service. This is commonly expected for such short-term services, and will be considered on a case-by-case basis by the Director of Inspection Services.
Planning Department: The Planning Department strategy has two approaches. The first is contracted services. As was done in 2018, firms or individuals could be contracted with to address specific projects or tasks. The bulk of the additional appropriations, $32,000, would go to this purpose. For speed and flexibility, it is recommended that the Mayor be authorized as a component of this plan to approve such contracts not to exceed $10,000 individually and not to exceed the approved modified budget of the department. The expectation is that such authorization would not prohibit a single firm or individual from receiving multiple approvals during the course of the remainder of this year if their workload and performance warranted continued allocations of work.

The second approach is use of employees. Two employee strategies are addressed. First, the City previously used a college student as an intern. A graduate student, preferably, can provide a higher level of service while developing skills they can use later. They can provide assistance by addressing smaller tasks and entry-level analysis and counter/phone intake that helps free-up Planners time to remain focused on larger tasks. Graduate interns can also be relied upon for a two-year cycle where they are able to develop an increasing level of effectiveness. It is hopeful that the interns could work nearly full-time during the summer and around 10 hours per week during the school year, which would result in around 600 hours yet this year. At the going graduate-intern rate of $16.00 per hour, approximately $11,464, would needed for the remainder of the year. If a graduate student is not available, a strong undergraduate candidate would be considered.

Additionally, an appropriation authority of $5,000 would be put into the Personnel Services that would establish an initial appropriation that could be used if it turns out the City gets an opportunity to hire somebody as a limited-term employee instead of through a contracted service. This appropriation would be sufficient for the Mayor to hire the individual as an Emergency Employee (a classification per our handbook) for a few weeks while seeking Common Council authorization for anything longer term (at which point some of the funding from the contracted services could be moved to cover these personnel services). This strategy would allow us to react quickly to an opportunity while also having an appropriate way to hire an individual who may not have an LLC or be associated with a company, which is needed for liability reasons. As with the building inspectors discussed above, included in this recommended plan is the Common Council’s authorization for the Mayor and Director of Administration to approve hourly rates that exceed the market rate (meaning within the top 35% of the approved pay range) for these individuals and to consider travel time as time worked, both where appropriate.

In the case of both departments, it is worth noting that appropriations for personnel services can also be used to support increased overtime costs for existing staff.

Approval of this supplemental services plan requires and is subject to approval of a budget modification that appropriates the 2018 revenues in excess of budgeted revenues for these two operational areas. The bottom line is that both departments are very busy. Every approval that results from the workflow coming out of the Planning Department will result in months of plan reviews and inspections by the Inspection Services Departments. These developers will expect us to provide timely services. The supplemental services plan set forth above is expected to help make that happen without drawing on any additional property tax dollars in 2019.

COUNCIL ACTION REQUESTED

Motion to authorize a plan for supplemental services for the Planning and Inspection Services Departments, as set forth above within this Council Action Sheet subject to and contingent upon separate adoption by the Common Council of a Resolution modifying the 2019 budget to appropriate an amount equal to the Department’s 2018 revenues in excess of budgeted revenues.

DOA-MWL
Elsewhere on the Common Council’s agenda is a request to authorize a plan for supplemental services for the Planning and Inspection Services Departments, subject to and contingent upon separate adoption by the Common Council of a Resolution modifying the 2019 budget to appropriate an amount equal to the Department’s 2018 revenues in excess of budgeted revenues.

These amounts are in consideration because these departments generated significantly extra revenue in 2018 than budgeted. While neither department exceeded their expenditure appropriations for 2018, the draft Annual Financial Report indicates the following pertaining to revenue.

<table>
<thead>
<tr>
<th>Department</th>
<th>Budgeted Revenue</th>
<th>Actual Revenue</th>
<th>Net Revenue</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning</td>
<td>$53,500</td>
<td>$101,964</td>
<td>$48,464</td>
</tr>
<tr>
<td>Inspection Services</td>
<td>$830,000</td>
<td>$908,362</td>
<td>$78,362</td>
</tr>
</tbody>
</table>

This action allows program revenues for these areas to directly support ongoing program demands for these areas without requiring use of additional property tax dollars or the initial fund balance when entering 2018. This is a reasonable consideration because the draft Annual Financial Report indicates a surplus in the General Fund for 2018 that exceeds $700,000.

Mayor and Staff, therefore, recommend that these net revenues from the departments for 2018 be reprogrammed and appropriated from the General Fund fund balance to ensure additional support services for the Departments. 2018 will still result in added General Fund surplus of over $600,000.

The attached budget modification achieves the requested purpose.

**COUNCIL ACTION REQUESTED**

Motion adopting Ordinance 2019-____ amending Ordinance 2018-2345, an ordinance adopting the 2019 annual budget for the General Fund for the City of Franklin, to appropriate $48,464 within the Planning Department and $78,362 within the Inspection Services Department, reflecting amounts equal to each Department’s 2018 revenues in excess of budgeted revenues, to support implementation of a plan for supplemental services for those Departments.

[NOTE: A ROLL CALL VOTE IS REQUIRED]

DOA-MWL
STATE OF WISCONSIN   CITY OF FRANKLIN   MILWAUKEE COUNTY

ORDINANCE NO. 2019-______

AN ORDINANCE AMENDING ORDINANCE 2018-2345, AN ORDINANCE ADOPTING THE 2019 ANNUAL BUDGET FOR THE GENERAL FUND FOR THE CITY OF FRANKLIN, TO APPROPRIATE $48,464 WITHIN THE PLANNING DEPARTMENT AND $78,362 WITHIN THE INSPECTION SERVICES DEPARTMENT, REFLECTING AMOUNTS EQUAL TO EACH DEPARTMENT'S 2018 REVENUES IN EXCESS OF BUDGETED REVENUES, TO SUPPORT IMPLEMENTATION OF A PLAN FOR SUPPLEMENTAL SERVICES FOR THOSE DEPARTMENTS

WHEREAS, workloads in the Planning and Inspections Services Departments have increased based upon existing, planned, and anticipated development levels, with this activity evidenced by the revenues generated by the departments; and

WHEREAS, the amounts in consideration are available because these departments generated significantly extra revenue in 2018 than budgeted, which, according to the draft Annual Financial Report is $48,464 in the Planning Department and $78,362 in the Inspection Services Department; and

WHEREAS, the Common Council is considering separate action to adopt a plan for supplemental services for the Planning and Inspection Services Departments to help ensure the departments can support the anticipated level of development activity and provide the development community with timely services, which plan requires additional appropriations.

NOW, THEREFORE, the Mayor and Common Council of the City of Franklin, Wisconsin, do ordain as follows:

SECTION 1: That the 2019 Budget of the General Fund be adjusted as follows:

<table>
<thead>
<tr>
<th>Department</th>
<th>Type</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Restricted Contingency</td>
<td>Decrease</td>
<td>$126,826</td>

<tr>
<td>Planning Department</td>
<td>Non-Personnel</td>
<td>Increase  $32,000</td>
</tr>
<tr>
<td>Inspection Services</td>
<td>Personnel Services Increase</td>
<td>$78,362</td>
</tr>
</tbody>
</table>

SECTION 2: Pursuant to §65.90(5)(a), Wis. Stats., the City Clerk is directed to publish a Class 1 notice of this budget amendment within ten days of adoption of this ordinance.

Passed and adopted at a regular meeting of the Common Council of the City of Franklin this 1st day of April, 2019.
