At the May 9, 2019 meeting of the Plan Commission, the following action was approved: move to recommend approval of a resolution conditionally approving a Preliminary Plat for Oak Ridge of Franklin Subdivision (at 7475 South 49th Street), with the removal of a sidewalk requirement on the west side of S. 49th Street.

There was much discussion regarding the extension of Marquette Avenue, an east-west corridor connection, from South 51st Street to the existing terminus of Marquette Avenue at South 49th Street, as the western portion of the roadway would be included with this request and the eastern portion of the roadway would be included within an adjacent property to the South.

**Introduction:**

On February 20, 2019, the applicant submitted applications for a Certified Survey Map and a Preliminary Plat for a property located northwest of the intersection of South 49th Street and Marquette Avenue. The Certified Survey Map proposes to divide the existing farmhouse and associated 0.7 acre of land from the remainder of the property (which remainder would then be platted as the proposed Oak Ridge of Franklin subdivision).

The preliminary plat proposes to subdivide the remaining 11.2-acre parcel into 23 R-6 single-family residential lots and one outlet. The outlet would consist of natural resource features (to be protected by conservation easements), and a storm water management facility. The subdivision also includes the extension of Marquette Avenue from 49th Street to 51st Street in coordination with the developer of the adjacent Pleasant View Estates subdivision proposed by Rick Pryzbyla.

**Certified Survey Map and Preliminary Plat Project Description/Analysis:**

As noted above, the applicant has requested approval of a Certified Survey Map (CSM) in order to allow the existing farmhouse to remain separate from the Oak Ridge of Franklin subdivision plat. Staff has no objection to that request, contingent upon a number of technical corrections to
the proposed CSM as noted in the attached draft resolution. In addition, it should be noted that the sidewalk, easements, and utility recommendations associated with the subdivision plat would also apply to this CSM.

The proposed Oak Ridge at Franklin subdivision development includes 23 single-family residential lots and one outlot. The plat also proposes to extend Marquette Avenue from 49th Street to 51st Street, and to extend 50th Street southward to the proposed Marquette Avenue.

The lots range in size from 11,585 square feet to 21,483 square feet, all exceeding the R-6 "minimum lot size of 11,000 square feet. All single-family lots abut a public right-of-way and have sufficient width.

The proposed subdivision will be served by municipal water and public sanitary sewer.

Pedestrian Amenities:
The preliminary plat depicts one sidewalk along the east side of 50th Street and one sidewalk along Marquette Avenue (on the north side west of 50th Street and on the south side east of 50th Street). It should be noted that while the Planning Department is recommending an additional sidewalk along the west side of 49th Street, the Engineering Department is recommending sidewalks along both sides of all streets, or at least along both sides of Marquette Avenue and one side of all other streets.

Stormwater Management Plan:
A stormwater pond is proposed within Outlot 1 within the northwest portion of the property. A Stormwater Management Plan and calculations were submitted to the Engineering Department for review. The plan is currently under review and will require final Engineering Department approval as part of the review of the Final Plat Application.

Natural Resource Protection Plan:
A Natural Resource Protection Plan (NRPP) has been completed for the subject development by Lynch & Associates Engineering Consultants, LLC, and the wetland delineations were completed by Alice Thompson (a Wisconsin Department of Natural Resources Assured Delineator). According to the NRPP, the site contains wetlands and associated wetland buffers and setbacks. The applicant has applied for, and received approval of (with conditions) of a Natural Resource Special Exception (NRSE), and of a Public Streets, Sidewalks, and Trails Practicable Alternatives Analysis pursuant to Ordinance No. 2016-2224.

In regard to the NRSE, the applicant requested, and the Common Council approved with conditions at their April 16, 2019 meeting, a proposal to impact approximately 0.554 acre of protected natural resource features, more specifically:

- Clear, grade, fill and develop approximately 0.554 acre of protected natural resource features comprised of the following:
  - Approximately 0.067 acre of wetlands.
  - Approximately 0.242 acre of wetland buffers.
  - Approximately 0.245 acre of wetland setbacks.
In regard to the Public Streets, Sidewalks, and Trails Practicable Alternatives Analysis pursuant to Ordinance No. 2016-2224, the applicant requested, and the Common Council approved at its April 16, 2019 meeting, a request to fill approximately 0.506 acre of wetland, wetland buffer, and wetland setback, associated with construction of the proposed S. 50th Street and the associated sidewalk.

Signage:
Although signage is not being proposed at this time, should the applicant want a subdivision monument or other similar signage, separate City review and approval will be required.

Comprehensive Master Plan Consistency:
- *Consistent with, as defined by Wisconsin State Statute, means “furthers or does not contradict the objectives, goals, and policies contained in the comprehensive plan.”*

The subject property is designated as Residential on the City’s 2025 Future Land Use Map. As such, this Future Land Use Map designation is consistent with the existing zoning and the applicant’s proposed single-family residential development.

**Staff Recommendation:**

City Development Staff recommends approval of the Certified Survey Map and Preliminary Plat for the Oak Ridge at Franklin Subdivision, subject to the conditions as noted in the attached draft resolutions.
WHEREAS, the City of Franklin, Wisconsin, having received an application for approval of a preliminary plat for Oak Ridge of Franklin Subdivision, such plat being a redivision of Parcel 3 of Certified Survey Map No. 6949, duly recorded in the office of the Milwaukee County Register of Deeds on May 11th, 2001, also being a redivision of Parcel 2 of Certified Survey Map No. 2153 and located in the Southwest 1/4 of the Northeast 1/4 of Section 11, Township 5 North, Range 21 East, in the City of Franklin, Milwaukee County, Wisconsin, more specifically, of the property located at 7475 South 49th Street, bearing Tax Key No. 759-9981-010, Fred Arbanella, Arbanella/Carmody Homes, applicant; said preliminary plat having been reviewed by the City Plan Commission and the Plan Commission having recommended approval thereof at its meeting on May 9, 2019, pursuant to certain conditions; and

RfI: Oak Ridge Preliminary Plat – Staff Comments

Please be advised that City Staff has reviewed the above application. Department comments are as follows for the Preliminary Plat submitted by Daniel Carmody and Fred Arbanella and date stamped by the City of Franklin on October 31, 2018.

Please note that additional more detailed technical staff comments from the Engineering Department will be provided later in the development review process. Any questions or comments related to the City’s Design Standards and Construction Specifications should be directed to the Engineering Department.

Please also note that by email dated November 1, 2018, Mr. Orrin Sumwalt indicated to Mr. Tim Lynch that the associated Natural Resource Special Exception (NRSE) was incomplete and as such, was not accepted by the City. As the NRSE affects the number of lots that can be developed, staff strongly recommends that the NRSE application proceed concurrently with the Preliminary Plat application. In addition, a number of recommendations and requirements noted below about the Natural Resource Protection Plan also apply to the NRSE. Therefore, and as a complete NRSE has still not been submitted, staff recommends that a time extension be granted for continued review of the preliminary plat when the NRSE is submitted. **COMPLETED**

**Required Improvements for Land Divisions**

27. Section 15-8.0100 of the UDO sets forth the required improvements for all land divisions. Closely review and incorporate that information onto the Preliminary Plat, or associated plans, as appropriate. Additional information about these requirements, and any questions about them, can be directed to the Engineering Department. **APPLICANT TO COORDINATE WITH THE ENGINEERING DEPARTMENT**

**Staff Recommendations**
Plat

28. Staff recommends that S. 50th Street be moved an additional 20' eastward. This would: provide additional depth (and area) to the lots along the west side of S. 50th Street; reduce the amount of impact upon the wetland and associated setback and buffer to the south of lot 7; and bring the lots west of S. 50th Street closer in size to the lots east of S. 50th Street. **COMPLETED**

29. Staff recommends that lots 2 and 3 be revised, in conjunction with moving S. 50th Street eastward, so that an additional lot can be provided between lots 2 and 3. **COMPLETED**

30. Staff recommends that lot 10 be identified as an outlot and that a conservation easement be prepared for City review and approval to ensure protection of a portion of the woodlands. **COMPLETED**
   a. In addition, staff recommends that lot 13 also be retained as an outlot to protect the existing wetland, and to be utilized for mitigation for other wetland, wetland buffer/setback, and woodland impacts

31. Staff recommends that the north lot line of lot 6 and the south lot line of lot 7 both be adjusted by about 10 feet to prevent any wetland buffer from extending into those lots. Staff also recommends that both lots be further revised to ensure that the wetland setback does not extend any further into the lots than the side yard setback. **COMPLETED**
   a. Staff suggests that both lots be revised to prevent any wetland setback from extending into the lots.

32. The Department of City Development recommends that the sidewalk on Marquette Avenue be located on the south side of the road, to match the location of the existing sidewalk by Pleasant View Middle School. **APPLICANT TO COORDINATE WITH THE ENGINEERING DEPARTMENT**
   a. Please note that the City Engineer will likely recommend that sidewalks be provided along both sides of all streets within the proposed subdivision plat.

33. Staff recommends that the utility easements required by Section 15-5.0105D. of the UDO also be shown on the Preliminary Plat. **STILL REQUIRED**

34. Staff recommends that unnecessary line work, such as the dashed line within the front yard setback of lots 8, 14, and 15, and the dashed line within the front and rear yard setbacks of lots 6 and 7 be removed. **COMPLETED**

35. Staff recommends that no part of a conservation easement be located on an individual parcel (but rather be located entirely within outlots). **COMPLETED**
   a. If a conservation easement must exist on an individual property, staff recommends marking the location of the conservation easement onsite, utilizing signage or boulders

36. Please label all wetland buffers as “30-foot Wetland Buffer, No Touch” and please label all wetland setbacks as “50-foot Wetland Setback, No Build”. **COMPLETED**

37. Proposed grading contours appear to extend into Wetland Buffers. However, grading and/or filling are not allowed within Wetland Buffers. **COMPLETED**

Natural Resource Protection Plan (NRPP)
38. Please label the wetland buffer as the "30-foot Wetland Buffer, No Touch" and please label the wetland setback as the "50-foot Wetland Setback, No Build". **COMPLETED**

39. In the Conservation Easement Document, please provide individual exhibit(s) for all natural resources that are to be protected as part of this development. This includes but is not limited to wetland buffers and wetlands. **STILL REQUIRED**
   a. Staff suggests that the wetland setbacks also be included within the conservation easement.

**Declaration of Deed Restrictions, Protective Covenants, Conservation Easements, and Homeowner's Association**

40. Please submit a draft of declaration of deed restrictions and protective covenants whereby the Subdivider intends to regulate land use in the proposed Subdivision and otherwise protect the proposed development, as required by Section 15-7.0507-A of the UDO. **STILL REQUIRED**

41. Project Name: Mills Hotel Wyoming/Bear Development Comprehensive Master Plan Amendment, Rezoning and Preliminary Plat (aka Ryan Meadows)

Project Address: Generally located southwest of W. Loomis Road, south of W. Ryan Road and west of S. 112th Street, including 11205 W. Ryan Road

Applicant: Bear Development, LLC

Owners (property): Mills Hotel Wyoming, LLC

Current Zoning: R-2 Estate Single Family Residence District, M-1 Light Industrial & C-1 Conservancy District

2025 Future Land Use: Business Park, Areas of Natural Resource Features, and Residential

Use of Surrounding Properties: Single-family residential to the north, east as well as the Irish Cottage to the north and agricultural land to the south and west

Applicant Action Requested: Recommendation of approval of the Comprehensive Master Plan amendments, Rezoning and Preliminary Plat.

Project Description and Analysis:

On March 13, 2019, the applicant filed a Comprehensive Master Plan Amendment Application and Rezoning Application with the Department of City Development requesting approval to subdivide three existing parcels bearing Tax Key Nos. 891-9009-000, 891-9010-000, and 891-9008-000 and a fourth parcel currently under contract to purchase at 892-993-001 into lots for single family residential usage, industrial usage and resulting outlots to accommodate stormwater and natural areas. The applicant is also proposing to amend the City Comprehensive Master Plan for approximately 26.11 acres and to rezone for approximately 50.67 acres of land generally located southwest of W. Loomis Road, south of W. Ryan Road and west of S. 112th Street to match up with the proposed outer lots of the accompanying preliminary plat. The request would amend the Comprehensive Master Plan of the proposed areas as follows:

- Area Two: From Business Park to Residential (22.79 acres).
- Area 3: From Business Park to Residential (3.32 acres).
The application for rezoning proposes to amend the properties as follows:

- Area One: From R-2 Estate Single-Family Residence District to M-1 Limited Industrial District (24.56 acres).
- Area Two: From R-2 Estate Single-Family Residence District and C-1 Conservancy District to R-5 Suburban Single-Family Residence District (22.79 acres).
- Area 3: From M-1 Limited Industrial District and C-1 Conservancy District to R-6 Suburban Single-Family Residence District (3.32 acres).

The Preliminary Plat shows the resulting subdivision for residential and light industrial areas stemming from a previous request in 2018 and this proposal. The resulting amount of single family residential lots shown in the R-6 area is 78 residential lots. The resulting amount of light industrial area in the resulting M-1 district is four (4) lots.

It should be noted that the proposed “Outlot 2” consists of property recently contracted to purchase and at the time of the writing of this staff summary, it is understood by staff the property has not yet been closed on. Therefore, the proposed comprehensive land use amendment and rezoning for this particular property, with Tax Key Number 892-9993-001, would need to come back for an amendment to match adjacent properties and their respective Comprehensive Master Plan and Zoning Designations prior to final plat consideration by the City.

Please Note: As of the writing of this staff summary, the applicant has notified staff setback widths mentioned in staff comments nos. 2 and 24 for the residential lots will be shown on a revised set of plans, to be placed on the seats of the Commission members the night of the meeting.

**Staff Recommendation:**

City Development Staff recommends approval of the proposed Comprehensive Land Use Map Amendments, Rezoning and Preliminary Plat, subject to the conditions in the draft resolutions.

Re: Mills Hotel Wyoming Comprehensive Plan Amendment

Dear Mr. Kohout:

Please accept this letter and the enclosed submittal materials as formal application for an amendment request to the City of Franklin Comprehensive Plan. Bear Development is acting on behalf of the owner of record, Mills Wyoming Hotel, LLC.

Project Summary
Mills Wyoming Hotel, LLC is the owner of record of approximately 130 acres of land in the City of Franklin. The land is located on the east side of STH 36 and lies south of Ryan Road. The property is included in the area commonly known as Planning Area G.

Last year, Mills Hotel Wyoming, LLC submitted a petition to amend the Comprehensive Plan, based on a Conceptual Site Plan. The amendment was granted, however, as the project has advanced into the design engineering and platting stages, we have found it necessary to request further amendments so that the Preliminary Plat and Comprehensive Plan are consistent.

Current Plan Designation-South Side of Loomis Road
The subject property (approximately 130 acres) is located on the east side of STH 36 and is designated as Business Park and Residential

Proposed Comprehensive Plan Amendment- South Side of Loomis Road
Mills Hotel Wyoming, LLC is respectfully requesting a Comprehensive Plan Amendment for portions of the subject property to be changed from the designation “Business Park” to the “Residential” designation.

A legal description and graphic exhibit is enclosed for your reference and review.
We feel the mix of land use shown on the Preliminary Plat offers an opportunity to create a development opportunity for Planning Area G that meets the goals of the Comprehensive Plan while providing a diverse land uses that will ensure a successful project.

Should you have any questions regarding this request, please do not hesitate to contact me. I can be reached at (262) 842-6566 or by email, dan@beardevelopment.com

Thank you for your time and consideration.

Sincerely,

CITY OF FRANKLIN
REPORT TO THE PLAN COMMISSION
Meeting of May 9, 2019

Comprehensive Master Plan Amendment, Rezoning and Preliminary Plat Approval

RECOMMENDATION: City Development Staff recommends approval of the proposed Comprehensive Master Plan Amendment, Rezoning and Preliminary Plat Approval subject to the conditions in the draft resolutions.

Project Name: Mills Hotel Wyoming/Bear Development Comprehensive Master Plan Amendment, Rezoning and Preliminary Plat (aka Ryan Meadows)

Project Address: Generally located southwest of W. Loomis Road, south of W. Ryan Road and west of S. 112th Street, including 11205 W. Ryan Road

Applicant: Bear Development, LLC

Owners (property): Mills Hotel Wyoming, LLC

Current Zoning: R-2 Estate Single Family Residence District, M-1 Light Industrial & C-1 Conservancy District

2025 Future Land Use: Business Park, Areas of Natural Resource Features, and Residential

Use of Surrounding Properties: Single-family residential to the north, east as well as the Irish Cottage to the north and agricultural land to the south and west

Applicant Action Requested: Recommendation of approval of the Comprehensive Master Plan amendments, Rezoning and Preliminary Plat.

Project Description and Analysis:

On March 13, 2019, the applicant filed a Comprehensive Master Plan Amendment Application and Rezoning Application with the Department of City Development requesting approval to subdivide three existing parcels bearing Tax Key Nos. 891-9009-000, 891-9010-000, and 891-9008-000 and a fourth parcel currently under contract to purchase at 892-993-001 into lots for single family residential usage, industrial usage and resulting outlots to accommodate stormwater and natural areas. The applicant is also proposing to amend the City Comprehensive Master Plan for approximately 26.11 acres and to rezone for approximately 50.67 acres of land generally located southwest of W. Loomis Road, south of W. Ryan Road and west of S. 112th Street to match up with the proposed outer lots of the accompanying preliminary plat. The request would amend the Comprehensive Master Plan of the proposed areas as follows:

- Area Two: From Business Park to Residential (22.79 acres).
- Area 3: From Business Park to Residential (3.32 acres).
The application for rezoning proposes to amend the properties as follows:

- **Area One**: From R-2 Estate Single-Family Residence District to M-1 Limited Industrial District (24.56 acres).
- **Area Two**: From R-2 Estate Single-Family Residence District and C-1 Conservancy District to R-6 Suburban Single-Family Residence District (22.79 acres).
- **Area 3**: From M-1 Limited Industrial District and C-1 Conservancy District to R-6 Suburban Single-Family Residence District (3.32 acres).

The Preliminary Plat shows the resulting subdivision for residential and light industrial areas stemming from a previous request in 2018 and this proposal. The resulting amount of single family residential lots shown in the R-6 area is 78 residential lots. The resulting amount of light industrial area in the resulting M-1 district is four (4) lots.

It should be noted that the proposed “Outlot 2” consists of property recently contracted to purchase and at the time of the writing of this staff summary, it is understood by staff the property has not yet been closed on. Therefore, the proposed comprehensive land use amendment and rezoning for this particular property, with Tax Key Number 892-9993-001, would need to come back for an amendment to match adjacent properties and their respective Comprehensive Master Plan and Zoning Designations prior to final plat consideration by the City.

Please Note: As of the writing of this staff summary, the applicant has notified staff setback widths mentioned in staff comments nos. 2 and 24 for the residential lots will be shown on a revised set of plans, to be placed on the seats of the Commission members the night of the meeting.

**Staff Recommendation:**

City Development Staff recommends approval of the proposed Comprehensive Land Use Map Amendments, Rezoning and Preliminary Plat, subject to the conditions in the draft resolutions.
TKNs: 891 9008 000 and 891 9010 000

Re: Mills Hotel Wyoming Rezoning- Planning Area G

Dear Mr. Kohout:

Please accept this letter and the enclosed submittal materials as formal application for zoning reclassification for portions of the Bear Development project at Loomis and Ryan Roads in the City of Franklin. Bear Development is acting on behalf of the owner of record, Mills Wyoming Hotel, LLC.

**Project Summary**
Mills Wyoming Hotel, LLC is the owner of record of approximately 130 acres of land in the City of Franklin. The land is located on the east side of STH 36 and lies south of Ryan Road. The property is included in the area commonly known as Planning Area G. Mills Hotel Wyoming is respectfully requesting several zoning amendments to facilitate a mixed-use development.

In 2018 Mills Hotel Wyoming requested zoning reclassification for much of the project. The rezoning was based on the boundaries shown in the original Concept Plan and Certified Survey Map. As the project advanced into the engineering stage, we discovered that our previous zoning petition did not include portions of the project which require proper zoning. *This request is intended to create zoning consistency between the boundaries and uses shown on the Preliminary Plat.*

**Current Zoning- East Side of Loomis Road**
The subject property is currently zoned R6 and R2 Residential, M-1 Limited Industrial District and C-1 Conservancy.

**Proposed Zoning**
Mills Hotel Wyoming, LLC is proposing several zoning amendments in preparation for a mixed-use development for Planning Area G. The areas of proposed zoning follow the proposed property lines of the submitted Preliminary Plat and the uses shown in the approved Concept Plan.
Zoning Area 1
Acreage: 24.56 Acres
Current Zoning: R-2 Residential
Proposed Zoning: M-1 Limited Industrial

Zoning Area 2
Acreage: 22.79 Acres
Current Zoning: R-2 Residential and C-1 Conservancy
Proposed Zoning: R-6 Residential

Zoning Area 3
Acreage: 3.32 Acres
Current Zoning: M-1 Limited Industrial and C-1 Conservancy
Proposed Zoning: R-6 Residential

Proposed Land Use

Zoning Area 1: A Light industrial development component with future lots of various sizes. The proposed use is consistent with the Comprehensive Land Use Plan designation of Business Park.

Zoning Area 2: Single-Family Residential and large open space Outlot.

Zoning Area 3: Single Family Residential. This property was previously zoned M-1 but is now shown as Single Family Residential on the Preliminary Plat.

We feel the mix of land use shown on the Preliminary Palt offers an opportunity to create a development opportunity for Planning Area G that meets the goals of the Comprehensive Plan while providing a diverse land uses that will ensure a successful project.

Should you have any questions regarding this request, please do not hesitate to contact me. I can be reached at (262) 842-0556 or by email, dan@beardevelopment.com

Meeting of May 9, 2019

Comprehensive Master Plan Amendment, Rezoning and Preliminary Plat Approval

RECOMMENDATION: City Development Staff recommends approval of the proposed Comprehensive Master Plan Amendment, Rezoning and Preliminary Plat Approval subject to the conditions in the draft resolutions.

Project Name: Mills Hotel Wyoming/Bear Development Comprehensive Master Plan Amendment, Rezoning and Preliminary Plat (aka Ryan Meadows)

Project Address: Generally located southwest of W. Loomis Road, south of W. Ryan Road and west of S. 112th Street, including 11205 W. Ryan Road

Applicant: Bear Development, LLC

Owners (property): Mills Hotel Wyoming, LLC

Current Zoning: R-2 Estate Single Family Residence District, M-1 Light Industrial & C-1 Conservancy District

2025 Future Land Use: Business Park, Areas of Natural Resource Features, and Residential

Use of Surrounding Properties: Single-family residential to the north, east as well as the Irish Cottage to the north and agricultural land to the south and west

Applicant Action Requested: Recommendation of approval of the Comprehensive Master Plan amendments, Rezoning and Preliminary Plat.

Project Description and Analysis:
On March 13, 2019, the applicant filed a Comprehensive Master Plan Amendment Application and Rezoning Application with the Department of City Development requesting approval to subdivide three existing parcels bearing Tax Key Nos. 891-9009-000, 891-9010-000, and 891-9008-000 and a fourth parcel currently under contract to purchase at 892-993-001 into lots for single family residential usage, industrial usage and resulting outlots to accommodate stormwater and natural areas. The applicant is also proposing to amend the City Comprehensive Master Plan for approximately 26.11 acres and to rezone for approximately 50.67 acres of land generally located southwest of W. Loomis Road, south of W. Ryan Road and west of S. 112th Street to match up with the proposed outer lots of the accompanying preliminary plat. The request would amend the Comprehensive Master Plan of the proposed areas as follows:

- Area Two: From Business Park to Residential (22.79 acres).
- Area 3: From Business Park to Residential (3.32 acres).
The application for rezoning proposes to amend the properties as follows:

- Area One: From R-2 Estate Single-Family Residence District to M-1 Limited Industrial District (24.56 acres).
- Area Two: From R-2 Estate Single-Family Residence District and C-1 Conservancy District to R-5 Suburban Single-Family Residence District (22.79 acres).
- Area 3: From M-1 Limited Industrial District and C-1 Conservancy District to R-6 Suburban Single-Family Residence District (3.32 acres).

The Preliminary Plat shows the resulting subdivision for residential and light industrial areas stemming from a previous request in 2018 and this proposal. The resulting amount of single family residential lots shown in the R-6 area is 78 residential lots. The resulting amount of light industrial area in the resulting M-1 district is four (4) lots.

It should be noted that the proposed “Outlot 2” consists of property recently contracted to purchase and at the time of the writing of this staff summary, it is understood by staff the property has not yet been closed on. Therefore, the proposed comprehensive land use amendment and rezoning for this particular property, with Tax Key Number 892-9993-001, would need to come back for an amendment to match adjacent properties and their respective Comprehensive Master Plan and Zoning Designations prior to final plat consideration by the City.

Please Note: As of the writing of this staff summary, the applicant has notified staff setback widths mentioned in staff comments nos. 2 and 24 for the residential lots will be shown on a revised set of plans, to be placed on the seats of the Commission members the night of the meeting.

Re: Mills Hotel Wyoming – Preliminary Plat

Dear Mr. Kohout:

Bear Development is pleased to submit this letter and the enclosed submittal materials as an amendments to the formal application for Preliminary Plat review. Bear Development is acting on behalf of the owner of record, Mills Wyoming Hotel, LLC.

**Project Summary**

Mills Wyoming Hotel LLC is the owner of record of approximately 131.50 acres of vacant land in the City of Franklin. The land is located on the south sides of STH 36, south of West Ryan Road and west of 112th Street. The property is included in the area commonly known as Planning Area G and included in Tax Increment District #6.

Mills Hotel Wyoming LLC is under contract to purchase approximately 1.16 acres from Eugene & Marlene Magarih. The subject is adjacent to the submitted Preliminary Plat. Our intention is to add the Magarih property into the submitted plat. Rezoning and Comprehensive Plan Amendments for this property have been previously submitted.

**Current Land Use**

The subject property is unimproved and vacant. The property is within the major drainage path for the surrounding area.

**Proposed Use**

Mills Hotel Wyoming, LLC proposes to include the 1.16 acres into the overall Preliminary Plat. The added property will be mad part of Outlot 2 and be used for storm water management purposes. As stated above, the property is within the drainage path of the general area. We feel that this is the most efficient use of the property and will improve the storm water management plan for the overall development. By using this acreage for storm water detention, it in turn, allows the adjacent Commercial/Industrial Lot to be enlarged, a benefit for the entire project. Light industrial land uses along the Loomis Road and Ryan frontages and the western portion of the property. The proposed use is consistent with the Comprehensive Land Use Plan designation of Business Park.
**Existing Zoning**
The property currently holds R-2 and C-1 zoning classifications.

**Proposed Zoning**
Mills Hotel Wyoming has submitted an application for a Zoning Amendment to amend the zoning district boundaries to the surrounding R-6 District.

**Proposed Preliminary Plat**
Mills Hotel Wyoming, LLC and Bear Development, LLC, respectfully request City of Franklin review and approval of the enclosed Preliminary Plat. The Preliminary Plat includes:

- Gross Land Area of 132.72 acres
- A total of 83 Lots and 4 Outlots
- Lots 1-79 are Single Family lots with bulk requirements meeting the R-6 Residential zoning standards.
- Lots 81-84 are Light Industrial Lots meeting the M-1 Manufacturing zoning standards. Lots 81, 82 and 84 will be re-divided upon final users being secured within the development.
- Lot 80 is the existing Irish Cottage property (owned by Mills Hotel Wyoming, LLC)
- Outlots 1-3 are for Stormwater Retention and Maintenance and community open space.
- All Lots are to be serviced by public water and sanitary sewer service.
- The access points as shown on the Preliminary Plat have been located in compliance with an approved WDOT Traffic Impact Analysis.

We feel the Preliminary Plat offers an opportunity to create a development opportunity for Planning Area G that meets the goals of the Comprehensive Plan while providing a diverse land use that will ensure a successful project.

**Staff Recommendations**

**Plat**

1. Staff recommends no vehicular access to South 112th Street for Lots 4, 5, Outlot 1, Outlot 2, and Lots 61-67. Also, please see Engineering's condition about no access to W. Loomis Road - STH 36 and W. Ryan Road - CTH “H”. Finally, please graphically depict this on the Plat.

   ---------------------------------------------------------- - NO ACCESS

2. Please provide evidence that Lots 4, 5, 6, 7, 32, 33, 34, 35, 36, 37, 43, 44, 45, 58, 59, 60, 61, 74, 75, and 76 are 90 feet wide at the front yard setback line.
3. Lots 6 & 7 are not deep enough to accommodate the required 30-Foot Landscape Bufferyard Easement and a useable rear yard for the proposed single-family lots. Staff recommends reconfiguring the Plat to correct this issue.
4. Please differentiate between existing conservation easements per CSM No. 9095 and those easements being proposed in association with the new wetland delineations conducted by Heartland Ecological Group, Inc. on September 6, 2018.
5. Please label the wetland buffer as the 30-foot Wetland Buffer “No Touch” and please label the wetland setback as the 50-foot Wetland Setback “No Build”.
6. Staff recommends buildings be setback a minimum of six (6) feet from a conservation easement boundary to allow construction of the building without disturbance or impact to the protected resource feature.
7. Please remove the wooded areas and exempt wetlands being impacted by the proposed development from the face of the Plat.
8. Please provide proposed grading elevations and an Erosion Control Plan.
Landscape Plan

9. Please provide a planting schedule.
10. Please coordinate the Planting schedule with like types and designate the plants as a Canopy, Evergreen, Decorative Tree or Shrub. Please indicate the required amount of plantings in accordance with Section 15-5.0302 A. of the UDO.

Natural Resource Protection Plan (NRPP)

11. When resources overlap, only the resource feature with the higher protection standard shall be counted. Please update the NRPP accordingly.
12. Are tree lines identified on the Plat protected resources (e.g. mature woodland, mature woodland grove, or young woodland) or not?
13. Woodland impacts shall be addressed on the NRPP per Staff’s previous email.
14. Please label the wetland buffer as the 30-foot Wetland Buffer “No Touch” and please label the wetland setback as the 50-foot Wetland Setback “No Build”.
15. In the Conservation Easement Document, please provide individual exhibit(s) for all natural resources that are to be protected as part of this development.
16. Staff recommends buildings be setback a minimum of six (6) feet from a conservation easement boundary.
17. Further NRPP comments are forthcoming.

SECTION 15-3.0503  CALCULATION OF THE AREA OF NATURAL RESOURCES TO BE PROTECTED

All land area with those natural resource features as described in Division 15-4.0100 of this Ordinance and as listed in Table 15-3.0503 and lying within the base site area (as defined in Section 15-3.0502), shall be measured relative to each natural resource feature present. The actual land area encompassed by each type of resource is then entered into the column of Table 15-3.0503 titled "Acres of Land in Resource Feature." The acreage of each natural resource feature shall be multiplied by its respective natural resource protection standard (to be selected from Table 15-4.0100 of this Ordinance for applicable agricultural, residential, or nonresidential zoning district) to determine the amount of resource protection land or area required to be kept in open space in order to protect the resource or feature. The sum total of all resource protection land on the site equals the total resource protection land. The total resource protection land shall be calculated as indicated in Table 15-3.0503.

SECTION 15-3.0503 CALCULATION OF THE AREA OF NATURAL RESOURCES TO BE PROTECTED

All land area with those natural resource features as described in Division 15-4.0100 of this Ordinance and as listed in Table 15-3.0503 and lying within the base site area (as defined in Section 15-3.0502), shall be measured relative to each natural resource feature present. The actual land area encompassed by each type of resource is then entered into the column of Table 15-3.0503 titled "Acres of Land in Resource Feature." The acreage of each natural resource feature shall be multiplied by its respective natural resource protection standard (to be selected from Table 15-4.0100 of this Ordinance for applicable agricultural, residential, or nonresidential zoning district) to determine the amount of resource protection land or area required to be kept in open space in order to protect the resource or feature. The sum total of all resource protection land on the site equals the total resource protection land. The total resource protection land shall be calculated as indicated in Table 15-3.0503.

SECTION 15-3.0505  CALCULATION OF SITE INTENSITY AND CAPACITY FOR NONRESIDENTIAL USES

In order to determine the maximum floor area which may be permitted on a parcel of land zoned in a nonresidential zoning district, the site intensity and capacity calculations set forth in Table 15-3.0505 shall be performed.

A.  Maximum Permitted Floor Area for a Retail Building:

1. Not withstanding the provisions of Table 15-3.0505, no individual retail building in any of the following districts shall exceed a total of 125,000 gross square feet of floor area, including all roofed area.

   a.  B-1 Neighborhood Business District
   b.  B-2 General Business District
   c.  B-3 Community Business District
   d.  B-5 Highway Business District

2. Not withstanding, any other provision of this Ordinance, no special use permit, special exception or variance may be approved or granted that would allow a retail building to exceed the size limits of this subparagraph (1) and no nonconforming use or structure may be expanded in any manner that would increase its nonconformance with the limits of subparagraph (1).
