APPROVAL	REQUEST FOR COUNCIL ACTION	MEETING DATE
		10/17/2023
REPORTS &	Recommendation for 2024 Employee Benefit-Related Coverages, Carriers, and Premium Shares, Including	ITEM NUMBER
RECOMMENDATIONS	Health Insurance, Wellness, Health and Wellness Supplementary Programs, Dental Insurance, and Related Contracts.	

Below is information relative to each element of the City's Health Insurance, Wellness, Health and Wellness Supplementary Programs, Dental Insurance Plan, and related contracts for 2024, and a recommendation on the same. Attached, as *Exhibit A*, is a draft of the 2024 Budget along with a comparison to the 2023 Adopted Budget.

The items in bold text are recommended changes for 2024.

Since the City performed an RFP process for the benefits consulting partner and previously contracted for that work for 2023, it is not part of this recommendation for 2024.

The Personnel Committee is considering this item at their October 16, 2023, meeting, and any recommendation made by the Committee will be presented to the Common Council at the Meeting.

RECOMMENDATION

Staff recommends that the Common Council approve the following proposed plan elements for 2024:

- 1. Continuation of UMR as the Third-Party Administrator (TPA) for the City's two (2) health insurance plans, PPO and HDHP, as well as the administrator to manage the Health Reimbursement Arrangement (HRA) Program and COBRA Program, as an extension to the existing three-year agreement which goes through 2024. The City's experience with this provider has been favorable.
- 2. Changes to overall premiums and employee premium shares for 2024 health insurance are detailed in *Exhibit B*. Due to higher-than-anticipated claims costs over the past year, premiums and employee premiums will need to be increased for the first time in over 5 years.
- 3. Continue the primary care model for the health insurance premium incentive. This entails that employees/spouses submit proof that they have undergone an annual, age and gender-specific physical and corresponding bloodwork to receive the preferred/wellness rate for the health insurance plan for the following year. For 2024, with only 3 weeks until the deadline, only 60% of our employees have met this requirement. The annual physical is recommended to be completed through Nice Healthcare since there is no cost to the employee or spouse.
- 4. Continue with the Health Savings Account (HSA) contributions in 2024, at annual amounts of \$750 for a single plan and \$1,500 for a family plan. These contributions will continue to be distributed monthly.
- 5. The current HSA agreement with Associated Bank will not change. A three-year renewal was accepted last year as it extended the waiver of monthly service fees for accounts with balances less than \$1,000, and there were no monthly service fees for accounts with balances of \$1,000 or more. A renewal agreement/amendment was processed as part of last year's budget and benefit acceptance. The City's experience with this provider has been favorable.

- 6. Continue with the Health Reimbursement Arrangement (HRA) for 2024, up to \$1,250 for a single plan and up to \$2,500 for a family plan, which provides coverage for employees enrolled in the High Deductible Health Plan (HDHP), to help offset deductible and out-of-pocket costs. The HRA becomes available once the employee reaches the access point of \$1,600 for a single plan and \$3,200 for a family plan. Due to an IRS regulatory adjustment for qualified high-deductible health plans, these access points had to increase slightly from \$1,500/\$3,000. This requirement also changes the individual deductible on a family plan from \$3,000 to \$3,200. The out-of-pocket maximum is not being changed.
- 7. Remove the below language from the Health Plan Summary Plan Description. This continuation is no longer necessary now that pre-existing conditions are no longer excluded from insurance plans.
 - If, at the time coverage terminates, a Covered Person is Totally Disabled, benefits will be paid for charges Incurred before the earlier of:
 - The date the Covered Person is no longer Totally Disabled; or
 - 12 months from the date coverage would have ended

Benefits will be paid only for the Illness for which the Covered Person is Totally Disabled and only to the extent that benefits would have been paid if the coverage had not been terminated. COBRA coverage, if elected, will run concurrently with this extension of benefits period, subject to all COBRA regulations and premium payments as described in this document.

- 8. Continue with the Nice Healthcare Program; a one-year renewal with a yearly price increase of \$60 per employee is recommended. The City's experience with this provider has been favorable.
- 9. Go365, the wellness program offered by Humana, won't be offered in 2024. This is not the City's decision; the provider is discontinuing the program in 2024.
- 10. Continue with Serve You Rx as the Pharmacy Benefit Manager. Serve You provided us with enhanced pricing effective 10/1/23. The City's experience with this provider has been favorable.
- 11. Continue with Symetra as the provider/administrator of the stop loss protection. The recommended renewal offer for this coverage with Symetra is at the \$90,000 specific deductible with an increase of 10.9%. This represents an increase over approximately \$67,000 but is approximately \$57,000 below the current \$80,000 specific deductible renewal, which would be an increase of 10.9%, as illustrated in Exhibit C. The City's experience with this provider has been favorable.
- 12. Continue with Prudential as the provider for both the City's life insurance and long-term disability plans under a three-year agreement that goes through 2024. The City's experience with this provider has been favorable.
- 13. Continue with Delta Dental as the Third-Party Administrator for the City's dental plan under a three-year agreement through 2024. The City's experience with this provider has been favorable. Add an optional HMO plan, CarePlus, to the dental offering, providing a choice to the employee. This dual-choice option will include orthodontic coverage, which many employees have requested, but at a cheaper premium, as coverage must be obtained at a limited network of providers.
- 14. Continue with VSP as the City's voluntary vision plan provider. VSP has extended its initial rate guarantee through 2025. The City's experience with this provider has been favorable.
- 15. Continue with the flexible spending program through Employee Benefits Corporation, including dependent care, standard health care, and limited health care. Rates will remain the same for 2024. The City's experience with this provider has been favorable.
- 16. Continue with the USI Benefit Resource Center, at no additional cost, for employees to provide another point of contact for items such as (1) customer service representatives to assist with finding providers; (2) obtaining detailed benefits information; (3) assisting with the open enrollment process; (4) being able to answer just about any question posed regarding the City's insurance benefits; (5) a repository for the City's Plan Documents; and (6) videos and tutorials that are available on demand for employees.

All items included in this recommendation are consistent with the Mayor's Recommended 2024 Budget. These recommendations are similar to prior budgets, striving to contain overall plan costs, engage employees, and provide sufficient benefits to attract and retain quality employees.

COUNCIL ACTION REQUESTED

Motion to approve the 2024 employee benefit-related coverages, carriers, and premium shares, as outlined herein, including health insurance, wellness, health and wellness supplementary programs, and dental insurance; authorize the Director of Administration to execute the appropriate related contracts and authorize Human Resources to incorporate the approved changed into the Employee Handbook.

14	Employee compensation and benefits are important aspects of employee satisfaction at a workplace. It directly impacts an employee's performance and motivation to work and allows for higher moral. Benefits keep employees happy and recognizes their hard work! Making a person choose between a better and/or worse health insurance plan is not a benefit it is picking the best from the worst. Benefits such as orthodontists allowed in dental plans and not being limited to providers are great benefits, but seem to be only benefits brought in by limitations or sacrifices of the employee. If you want orthodontist then you can only see xyz. If you want cheaper insurance then you can only go to certain hospitals and/or providers. This doesn't attract or encourage employees.	9/8/2023 1:27 PM

65		High deductible health insurance plan like the City of Kenosha has. Better (less premium costs) for retiree health insurance based on how many years you worked for the City and how much sick time you give the City back. More years and more hours = Less retiree health insurance premium cost. It's kinda bullshit that I will work here over 30 years and have to pay the same retirement health insurance costs as someone who retires from the same job as me who has only been here for 20 years. If I give back 1,000 plus hours of sick time and that other person uses all their sick time why do we pay the same amount of retiree health insurance costs? Tell me why, at the end of my career, if I have 1440 hours of sick hours in my bank should I not call in sick for the last 3/4 year of my employment? Thus having cheaper monthly health insurance rates, the ability to remain on NICE healthcare, and extending my WRS service time???? Retiree Health Insurance

The City of Franklin offers certain retirees, and their families, the ability to continue in the City's health insurance program following their retirement. All other terms and conditions relating to health insurance set forth in the respective health plan, including but not limited to the terms relating to deductible and prescription drug co-payments, shall apply.

The health insurance coverage provided for retirees, spouses, and the families by the City does not vest upon retirement or other termination of employment. The health insurance coverage provided herein and the contribution for the cost of coverage may change in the future as determined solely by the City.

Retiree Eligibility and Participation Requirements: In addition to the requirements of the health plan itself, following are certain other requirements and benefit levels.

All Non-Represented Full-time employees, excluding Fire and Police Command Staff, Police Sergeants, and Public Works employees: Any such employee who has reached a minimum age of 62 years and has 20 years of credited service with the City shall be eligible to obtain payment of 75% of the retiree health insurance premium rate in effect at the time of retirement from City service. Eligibility for premium payment shall stop when the employee reaches age 65, or becomes eligible for Medicare, or the employee accepts employment from which health insurance benefits are available. (Effective 1/1/2023: this is an improved benefit for Dispatchers and an added benefit for those positions formerly in the Teamsters Clerical Union or the AFSCME Inspection Union.)

Fire Department Command Staff: An employee who retires from employment with the City under a regular pension at statutory normal retirement age (age 53 as of January 11, 2005) and who has attained twenty five (25) or more years of full time service (twenty (20) years effective January 1, 2006) with the City or retires under a disability pension shall be eligible for enrollment in the City's conventional hospital and surgical insurance program. The City shall pay seventy-five percent (75%) of the premium amount in effect on the date the employee retires, whatever that

figure may be, and will continue to pay that amount toward the employee's health insurance coverage until such employee reaches age 65, or the retired employee qualifies for Medicare, whichever occurs earlier. Participation in the City's health plan ceases at the earliest of the following: 1) The retiree's attains the age sixty-five (65), or 2) The retiree is eligible for Medicare, or 3) The retiree dies. Coverage shall not be extended to the retiree while he or she is eligible for coverage under another health plan.

The Police Chief, Assistant Police Chief, and Police Captains hired or promoted after December 2009: For the Police Chief, Assistant Police Chief or Police Captains who retire on a regular pension (disability pensions, excluded) on or after January 1, 2010, the City shall pay seventy-five (75%) of the cost towards the single plan premium or the family plan premium of the health plan the employee was in prior to retirement, and such payment shall remain frozen at that level throughout the period of such payment. The employee/retiree must pay their portion of the monthly premium to the City Treasurer by the 15th of the month prior to the month the premium is due, or the employee/retiree may be dropped from the City's insurance program. employee/retiree must be at least 53 years of age and have at least fifteen (15) years of service with the City of Franklin to qualify for the Retiree Health Plan benefits of this section. Said employees will continue to be covered by hospital and surgical insurance benefits until such employee reaches the age of sixty-five (65) or is eligible for Medicare, whichever occurs earlier, unless said employee voluntarily drops coverage or is dropped from the plan in accordance with the plan document or the allowance provided for herein. In the event the employee/retiree's spouse is not eligible for Medicare when the employee/retiree's participation in the insurance program ceases, the spouse may remain in the same City group health plan until eligible for Medicare solely at the expense of the spouse, provided that the spouse pays the full monthly premium therefore to the City Treasurer by the 15th of the month prior to the month the premium is due, or the spouse may be dropped from the City's insurance program.

Public Works and Sewer & Water Employees With Benefits: Any employee who has reached a minimum age of 60 years of age, and has 20 years of credited service with the City shall be eligible to obtain payment of 75% of their retiree health insurance premium upon retirement from City service. (Those employees hired by the City prior to 1/1/2023 may retire with this same benefit at age 60 with only 15 years of service.) The amount paid by the City shall be three-fourths of the premium amount paid at the time of retirement of the employee. The premium subsidy paid by the City shall cease at the earliest of the following, after which time he or she shall receive no payment or co-payment of any health insurance or other premium or payment by the City: (1) The employee/retiree is eligible for Medicare or (2) The employee/retiree's death.

Part-Time Employees: Part-Time employees do not qualify for retiree health insurance.

For retirements occurring after 12/4/2018, the following parameter or clarification applies to each of the above paragraphs outlining the retiree health insurance for the identified specific employee group. This parameter shall prevail in the event of a conflict in the wording with the above paragraphs. Where it is referenced above that the City shall pay seventy-five percent (75%) of the retiree health insurance premium upon retirement from the City service, that amount may vary, as described further below, in the event the employee changes between plan types, including but not limited to single, family, high-deductible, or PPO plan types.

If said retiree switches from a higher-premium plan type to a lesser-premium plan type, the City will continue to pay only 75% of the lesser-premium plan type that was in effect on the date of retirement; however, if a retiree elects a plan type with a lesser premium at or after retirement and subsequently switches back to a higher-premium plan type, the City will revert to paying 75% of the higher-premium plan type that was in effect on the date of retirement only if the added dependents were eligible for coverage on the date of retirement. Additionally, in the event a retiree selects or reverts to a plan type during an eligible continuation period, as provided for above, and that premium-type did not exist on the retiree's premium share calculation date (retirement date), the applicable retro-active premium-type rate shall be calculated based upon a percentage of the family plan using the then current year's premium rates.

APPROVAL Slw	REQUEST FOR COUNCIL ACTION	MEETING DATE 07/06/2021
REPORTS & RECOMMENDATIONS	Approval of an Employee Recruitment and Retention Tool Policy	item number G.16.

Below is information relative to and a recommendation regarding the approval of a new 'Employee Recruitment and Retention Tool Policy'.

This item was considered by the Personnel Committee in March, May, and June of 2021, and recommended for approval on a 7-0 vote at the June 21, 2021 Meeting.

BACKGROUND

With the extremely tight job market, as well as a number of hard to hire positions, there is a need to have more tools available in recruiting and retaining employees. This type of an initiative is becoming more common in the public sector, and something that the City could really use to be more competitive in recruitment and retention efforts.

ANALYSIS

Staff, along with the Personnel Committee, has been exploring these initiatives for a number of months, including: talking with the departments that have been experiencing a challenge in recruiting quality candidates to determine the issues encountered, reviewing policies from other employers, and drafting options for the Personnel Committee's review.

While this policy does offer additional compensation and stipends with regard to recruiting employees, the goal is to spend the funds wisely by securing quality employees expediently, reducing overtime paid during vacancies, increasing productivity as employment transitions occur, and reducing the City's turnover costs and time of vacancies.

The tools in this policy require dual authorization to ensure that they are being prudently administered. If approved, the policy will be used judiciously, as needed; and the Personnel Committee will review the use periodically to ensure that it is administered reasonably.

RECOMMENDATION

Staff recommends that the Common Council approve the recommended Employee Recruitment and Retention Tool Policy.

COMMON COUNCIL ACTION REQUESTED

Motion to approve the Employee Recruitment and Retention Tool Policy.

DRAFT

Employee Recruitment and Retention Tool Policy

1 00 POLICY PURPOSE

The purpose of this policy is to identify and authorize specific tools and applicable procedures to be used in designated circumstances to attract and/or retain employees, especially in a hard to hire job market and/or for positions that are hard to hire

2.00 ORGANIZATIONS AND PERSONS AFFECTED

This policy applies to authorized positions in the City of Franklin as detailed herein

4 00 POLICY STATEMENT

The City of Franklin recognizes the importance of maintaining staffing at required levels. As part of this, there are some positions, which when left unfilled, create a substantial issue in maintaining service levels. Therefore, it is the desire of the City to create a policy to provide tools to have available for those specific needs in addition, the City recognizes the difficulty in attracting quality candidates for positions and desires to use its willing employees in the marketing efforts

5.00 **DEFINITIONS**

To be completed as necessary

6.00 REFERRAL BONUS – Employee Referral Program

Offering a referral program to current City employees is a viable recruitment tool that may assist in attracting desirable candidates and subsequently employees. City employees are excellent conduits to desirable candidates as employees know exactly what the City is looking for and are able to tell the City's story better than an advertisement does. This type of marketing is a win-win since employees tend to refer those candidates that they themselves would like to work with

- 6.01 If a person that has been referred for employment consideration by an existing employee has been hired by the City of Franklin, the employee may be eligible to receive a bonus up to \$1,000
- 6 02 The bonus breaks down as follows
 - A. Up to \$500 after the candidate is hired and serves three months of satisfactory employment.
 - B Up to \$500 after the referred employee successfully completes his/her probation period
 - C Amount of bonus will vary based on the difficulty to fill specific positions. The Director of Administration (DOA) will review positions regularly and maintain a schedule to administer the bonus. The DOA may give special consideration, in conjunction with the hiring Department Head, to adjusting the level of bonus allowed for special circumstances, prior to a specific position being posted.
- To apply for the bonus, current, eligible employees must be named on the referred candidate's application for employment, and submit an application form to human resources. Submittal of the form shall occur no later than three (3) months after the referred employee's start date
- 6 04 Eligibility: All Franklin employees are eligible to participate in the Employee Referral Program, except: (1) Human Resources personnel and those with hiring authority over the referred candidates, and (2) temporary, seasonal, limited term, or former employees of the City
- 6 05 All referred candidates will be evaluated for employment consistent with the City's policies and procedures Only those candidates who meet the essential qualifications for the position will be considered
- 6 06 Confidentiality All information regarding the hiring decision will remain strictly confidential
- 6 07 Any disputes or interpretations of the program will be handled through the Department of Administration.

7.00 SIGN-ON BONUS

This recruitment tool will be used to assist in securing desirable candidates for hard to hire positions. This tool will be used sparingly, as needed, and each use shall be jointly authorized to ensure it is being prudently administered.

A sign-on bonus may be used as a final boost when a candidate is going back and forth whether to accept the position in hard to hire positions, it may be used when a candidate must purchase work-related items not included in existing compensation, or it may be used as a stipend in cases when relocation is needed

- 7.01 This bonus will have up to two thresholds one payment once the employment has begun, and the potential of another threshold after a probation has been successfully completed or at a reasonable amount of time in the future, up to two years after hire, to encourage some longevity. This ensures that the investment the City makes in a new employee is not misused.
- 7 02 The total amount of each bonus may vary, in amounts up to a maximum of \$2,500 It is expected that the maximum amount will be used extremely infrequently, and lower amounts will be used as needed
- 7 03 All sign-on bonuses will be authorized jointly by the Director of Administration and the hiring Department Head.

8 00 ADVANCED NOTIFICATION OF VOLUNTARY SEPARATION STIPEND

This recruitment/retention tool will be used to incentivize employees, in certain positions, leaving City service to provide ample notice of departure, above what is required by City Policy, to allow the City to plan, recruit and secure replacement employees for positions that would be detrimental to the City if left open. For example, it may be a position for which a replacement needs to be in place, such as Police and Fire, causing overtime to occur due to the vacancy. Another example would be for positions that are only recruited for during certain times of the year, this may allow a department to plan in advance for the vacancy and secure a replacement in advance of the current employee vacating the position. Another example is a position in which a short-term replacement would only do the absolutely necessary duties, leaving critical duties left undone, causing operational issues in the organization. This scenario may include department head positions. And, the third example, related to the two examples above, is for positions in which it takes an extended period of time to hire, again considering police, fire, and supervisory and higher positions.

This tool will be used sparingly, only as needed, and each use shall be jointly authorized to ensure it is being prudently administered

This stipend will have multiple thresholds depending on the position and the planning and operational needs of the City, with the stipend being paid, or a higher amount paid, if there is a valuable benefit to the City to do so

- 8 01 The threshold options are as follows
 - A If a 150-day notice is provided, stipend up to \$2,500, If a 90-day notice is provided, stipend up to \$2,000, and If a 60-day notices is provided, stipend up to \$1,000
 - It is expected that the maximum amount will be used extremely infrequently, and lower amounts will be used as needed.
- 8 02 All stipends will be authorized jointly by the Director of Administration and the Mayor

<u>Policy Review Period</u> This Policy shall be reviewed at least every 3 years. Established in 2021, next review no later than 2024
