NOTICE DATE: February 9, 2018

SUBJECT: PUBLIC MEETING SET TO DISCUSS DISPOSAL OF DREDGED MATERIAL IN THE NORTHERN EXPANSION-WEST OF THE METRO LANDFILL

MEETING Waste Management of Wisconsin Metro Landfill

LOCATION: 10712 South 124th Street
Franklin, Wisconsin 53

MEETING TIME: March 6, 2018, 4:00 to 5:00 P.M.

CONTACT: Gerald DeMers, 414-263-8594

Milwaukee, Wis. – The Department of Natural Resources (DNR) will hold a public meeting to discuss the following proposal:

Place dredged material (solids removed from the bed of any surface water) from future projects into the Northern Expansion- West of Waste Management of Wisconsin's Metro Landfill.

The existing disposal areas of the Metro landfill are permitted by the department to be used for the disposal of dredged materials, under certain conditions. This proposal is to continue to permit the disposal of dredged materials, under certain conditions, in the proposed expansion of the site. The Northern Expansion- West will be issued a separate license from the existing disposal areas.

The meeting will be held on Tuesday, March 6, 2018, at 4:00 P.M. at the landfill, located at 10712 South 124th Street, Franklin, Wisconsin. The meeting will begin with a presentation outlining the proposal. Staff with the Department of Natural Resources will be on hand to answer questions and take comments.

The Department is required under s. 289.54(2), Wis. Stats. to hold a public meeting before it can approve a request to dispose of dredged materials. At the public meeting the department describes the nature of the requested disposal and solicits public comment. Interested citizens who cannot attend are encouraged to call or write with questions or comments to Gerald DeMers, DNR Milwaukee Service Center, 2300 North Martin Luther King Boulevard, Milwaukee, WI 53212, telephone (414) 263-8594. All comments must be received by March 9, 2018.
