### Independent Auditor's Report

Common Council  
City of Franklin, Wisconsin  
Milwaukee County, Wisconsin

We have audited the basic financial statements of City of Franklin, Wisconsin (City), as of and for the year ended December 31, 2010, and have issued our report thereon dated April 15, 2011. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the requirements contained in *Administrative Rule, Tax 16*, as issued by the Wisconsin Department of Revenue. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was made for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying 2010 Financial Report Form C is presented for purposes of additional analysis and is not a required part of the basic financial statements. The 2010 Financial Report Form C has been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, is presented fairly, in all material respects, in relation to the basic financial statements taken as a whole.
