## Application for Review – Buildings, HVAC, Fire and Components – SBD-118

Personal information you provide may be used for secondary purposes [Privacy Law s. 15.04(1)(m), Stats.]

This form is for Delegated Agent use only.

All plan reviews for DSPS must be submitted through the Department's Electronic Safety and Licensing Application (eSLA) system

#### Enter Previous Trans ID (DIS- or CB- Number), if applicable: If no previous transaction is provided, plan review will be based on the current code, except for revisions. If a previous transaction is entered and the parent building approval transaction has not expired, you may elect below to use the code in effect at the time of that approval for follow-up revision, HVAC, and fire protection submittals related to that building approval. Note that this submittal's approval would then expire no later than the parent building approval. ☐ Please review under the code in effect at the time of the parent building approval. #### 6. OTHER POTENTIAL PLAN SUBMITTALS REQUIRED FOR A PROJECT

Visit dsps.wi.gov for the following:

- a. Boiler and Pressure Vessels under SPS 341
- b. Plumbing and Private Sewage Systems under SPS 381-385
- c. Mechanical Refrigeration under SPS 345
- d. Elevators or Escalators under SPS 318
- e. There is no required state Electrical review under SPS 316
- f. Swimming Pools or other Aquatic Centers within a Commercial/Public Facility under SPS 390

Department of Health Services enforces building code requirements, including plan review, for hospitals and nursing homes. Adult daycare facilities must meet building codes prior to their licensing.

Be aware that state plan review and approval is separate from local permits. Check with the local municipality and county for their requirements.

7. REQUIRED SIGNATURES					
a. <u>Supervising Professionals</u> – If building will be 50,000 cu ft or greater (SPS 361.40) I have been retained by the owner as the supervising professional per SPS 361.40 for the performance of the supervision of reasonable on-the-site observations to determine if the construction is in substantial compliance with the approved plans and specifications. Upon completion of construction, I will file a written statement with the plan reviewing agency certifying that, to the best of my knowledge and belief, construction has or has not been performed in substantial compliance with the approved plans and specifications. In the event that I am no longer associated with this project I will file a compliance statement (SBD-9720) notifying the plan reviewing agency as such and indicating the current status of compliance.					
NOTE: Building supervising professional or registered designer is responsible fo	r supervision of the fire suppression/fire alarm installation, if applicable

b. <u>Component Submittal</u> – The Department requires that the project designer reconcept. The project designer and plan reviewing agency will rely on the seal of designs.					
Original Signature of Building Designer Date Si	gned Name of Component Fabricator				
c. Permission to Start (Optional) – Ensure the box under Building Submittal Type on first page is checked.					
As the building owner, I request to begin footing and foundation work prior to plan review approval. I agree to make any changes required after plans have been reviewed, and to remove or replace any non-code complying construction and make revisions to plans on any changes. I will not permit construction above the foundation until approved plans are on site.					
Request is for the following buildings (additional \$75 fee per building):

#### **8. STATEMENTS OF OWNERS AND DESIGNERS**

- a. <u>Owners Statement</u> The owner indicated on page one requests that plans be reviewed for compliance with the code requirements set forth in SPS 360 to 366 of the Department. The owner recognizes responsibility for compliance with all the code requirements and any conditions of approval. If a building is 50,000 cubic feet in total volume or greater, plans are required to be prepared, signed, sealed and dated by a Wisconsin registered engineer or architect [SPS 361.31]. Signatures and seals affixed to the plans shall be original.
- b. <u>Designers Statement</u> (SPS 361.20, 361.31(1), and 361.40): The designer indicated on page one of this form is responsible for preparing or supervising the preparation of the plans to the best of his/her knowledge to comply with the applicable codes of the Industry Services Division for this submittal. If a building, following construction of this project, contains more than 50,000 cubic feet in volume, plans are required to be prepared, signed, sealed and dated by a Wisconsin-registered engineer, architect, or designer [SPS 361.31(1)]. Signatures and seals affixed to the plans shall be original.

### NOTES:

- a. Plan entry fee of \$100 shall be submitted with each submittal of plans to the Department in addition to the plan review and inspection fees, with the exception of structural component submittals.
- b. A fee reduction may be taken for plans involving **multiple identical buildings** located on the **same site** and **submitted at the same time**. The fees for the submittal of building and/or heating and ventilation plans for the first building shall be determined in accordance with the appropriate Table 302.31-1 or 302.31-2 on the basis of the total gross area of one building. The fee for each of the remaining identical buildings shall be computed on the basis of an area of less than 2,500 square feet.
